FOR THE UPBUILDING OF CAMERON AND MILAM COUNTY.

NO. 41

VOLUME 42

CAMERON, MILAM COUNTY, TEXAS, THURSDAY, FEBRUARY 12, 1920

## BOOM IN OIL LEASES IS FEATURE DURING WEEK

### Companies Announce Plan to Market Crude From Tracy---Will Put Shallow Wells on Pump Soon.

Purchase of leases on extensive acreage in Milam county by Eastern oil magnates and the addition of several new companies each with an operating program stand out as the chief developments in the local fields during the week.

Oil men from all over America are trekking to Milam county in search of the magic crude which geological facts and partial development show exist in this section of Texas. With the coming of these men the vanguard of millions in capital for development purposes has found its way to the incomparable structures of Milam.

The situation is so fraught with possibilities coupled with the actual production showing in the local fields as to insure the greatest development ever seen in any field where the drillers bit has plowed into the petroleum beds of the earth.

Production, the thing which most concerns the people of this county, it seems will now be realized within a short time. A great deal can be said about development and this is necessary to production but the actual marketing of crude oil is the ultimate process through which any locality can be placed officially on the oil map of the world. And with this about to become a fact interest is greatly intensified.

The announcement of the Tracy-Maysfield Oil & Gas Company that machinery has been purchased to place their shallow wells at Tracy on pump and the negotiations for the construction of a pipe line to Minerva and the sale of oil to a Waco refinery gives a decided impetus to development here.

In addition the Wisconsin Oil Association, now drilling a deep test at Tracy, has announced a program for the construction of a pipe line. The association has a number of shallow wells and will place them on pump as soon as machinery can be shipped here. This announcement is made by A. J. Branstad now in Cameron.

The standard rig for shallow production of the Tracy-Maysfield Oil & Gas Company has been received and will be sent to Tracy at once. The Company also expects its big standard rig to arrive shortly for the deep test at Maysfield.

A narrative of the drilling activities of any Oil Section of Texas from Spindletop to Tracy shows that the same facts have always existed. It has been said that Texas is the land of Big Things. There have been dramatic moments in the history of Texas Oil Fields that have been of national import in their effect upon the minds of those who live in distant cities. Texas oil has accelerated the strides of civilization. Today it seems we are at the threshold of the most stupendous development of the oil history of Texas. Gushers that will startle even the staid old Texans, who have seen the rush of mighty gushers and heard the tales of magic wealth that have sent the fame of Texas to the uttermost ends of the earth.

Poets of the future will immortalize the men who made the Texas oil fields. Every Texan who ponders for only a moment the mission of oil in the war just past will thrill with pride and fire and zeal that will result in achievements to send the name of Texas ringing down the ages as the greatest empire of natural resources since the dawn of time.

### SHIPPING BUTTER FATS

J. T. Parma announces that he is prepared to make daily shipments of Cream for Cameron and is buying from the farmers, paying the top market prices. Mr. Parma has just received a shipment of containers and tester and other equipment, and will buy cream produced here for sale.

## COMMISSIONERS IN SESSION THURSDAY

### COURT WILL CONVENE TODAY AND FRIDAY—COUNTY COURT HOLDS MEETINGS

The Commissioners' Court will convene in regular session on Thursday and Friday of this week.

County Court has been in session for several days this week and three cases were cleared from the dockets. It is expected that the Commissioners' Court will have a busy session when it convenes today.

The case of the State vs. E. L. Ramsey which was set for trial Monday, February 9, has been postponed on account of the influenza epidemic and all witnesses and veniremen were requested not to appear. This case is to be tried in the District court and it is expected that the new date will be set as soon as health conditions are improved.

In the case of The State of Texas vs. Leonard Stratton, for theft, which was reported in last week's issue, the jury rendered verdict for the defendant, Leonard Stratton. The defendant was represented by Hon. E. A. Camp of Rockdale, and the State was represented by County Attorney, Roy Raskin and the Assistant County Attorney, A. J. Lewis.

In the case of the State of Texas vs. Vince Meyer for the offense of not working the road, the case was tried before a jury on the 3rd day of February. The jury rendered a verdict of guilty, and the defendant was assessed the fine of \$1.00 and all costs.

In the case of the State of Texas vs. Joe Slavik for the offense of not working the road when summoned was tried before a jury on the 4th day of February. The jury rendered a verdict of guilty, and was assessed the fine of \$1.00 and all costs.

### MARRIAGE LICENSES

Anton Mikulo and Julia Broz.  
John Henry Wilson, Jr., and Miss Christian Louise Leath.

Clarence F. Alcantso and Miss Antonio Montaya.

Jesus Ledesma and Ester Gomez.

Ben Schernik and Miss Herline Dutschman.

Nathaniel Henderson and Della Walder.

W. O. Ellison and Mrs. Lavina Yokum.

Mitchell Jones and Joella Spencer.

O. W. Odom and Miss Kate Walker.

Charley Emerson and Zoller Brown.

Harrison Hall and Mattie Hamilton.

Sidney Nelson and Mattie Phillips.

Vince Safarek and Celia Superles.

John Battle and Sallie Massey.

Will Bryant and May Whitley.

Ben Benton and Widon White.

Edward Tomasek and Elsie Schil-ler.

Rudolph A. Michalka and Miss Ida Schriber.

John C. Worcester and Tempres Thelma Hairrell.

Micanor Gonzales and Margaretta Gonzales.

M. H. Burris and Miss Olga Horstman.

SALESMAN WANTED—to solicit orders for lubricating oil, greases and paints. Salary or Commission. Address LINCOLN OIL CO., Cleveland, Ohio.

## SYNDICATE FROM NEW YORK BUYS OIL LEASE HERE

### 6500 ACRES SECURED EAST OF CAMERON—SPEND \$25,000 IMMEDIATELY

Purchase of a lease on 6500 acres of land east of Cameron by the American Underwriters Producing and Refining Company, a New York Syndicate, with announcement that \$100,000 is available for drilling, is perhaps the major development in the Milam county oil fields for the week.

In addition to the lease east of the city the company has acquired 3500 acres near Tanglewood in Lee county, adjoining Milam and has begun the sinking of a deep test. The company is capitalized at \$1,000,000 and has available for development funds any amount necessary to put their holdings on a production basis.

W. J. Vaughn, president of the Company, was in Cameron early this week on a tour of inspection of the holdings of the company. S. S. Owen of Tulsa, Okla., vice-president and general manager, and geologist for the company, is here and will make his headquarters in Cameron while in personal touch with the operations of the company in Milam county. Mr. Owen is a practical oil man and geologist and expressed satisfaction over the showings in this county.

Mr. Vaughn declared the situation here is excellent and will report back at his New York offices the progress of development and the prospects for oil in this county.

The Lee county well is a "wild cat" but the company believes its location will prove a valuable move in pioneering for oil in that county.

J. T. Leach of Cameron, is superintendent of operation for the company and will have charge of the drilling on the Milam holdings. Rigs are now on hand to commence the development. The officials did not announce if they had secured holdings in the Tracy field.

The entrance of this company into the local fields is regarded everywhere among oil men here as portending a big development program. With the addition of this company to the field the number is brought to ten and the county is assured a thorough drilling in both deep and shallow depths.

With shallow oil in paying quantities at Tracy considerable interest is taken in the plans of the Tracy-Maysfield Oil & Gas Company and A. J. Branstad of the Wisconsin association to build pipe lines to Minerva, a distance of four miles on the San Antonio & Aransas Pass Railroad. This will give Milam county her first production of oil.

## ROCKDALE LEASES TO BE DEVELOPED

### K. J. SNELL OF NEW YORK AND ASSOCIATES HAVE SHIPPED RIGS TO FIELD

K. J. Snell of New York who with his associates have secured extensive oil leases in Milam county near Rockdale and in the vicinity of the Tracy field nine miles southwest of Cameron, was in the city Wednesday looking over the local fields. Mr. Snell is making his headquarters in Temple.

The association with which Mr. Snell is connected is under contract to sink a deep test well on the Rockdale holdings and the big standard rig with which the drilling is to be done is expected to be on the ground in a few days. The contract requires a drill of 2500 feet. The association will give its holdings a thorough test. It is expected that their development program will soon extend to the Tracy vicinity holdings.

In all the association has about 2000 acres. The contract for drilling provides that operation shall begin in 90 days. The Rockdale field has shown some oil and gas and it is believed that production will require only a systematic drilling and proper casing. So far the only operation has been by local effort at Rockdale.

G. C. Boyer, experienced driller and oil man, will have supervision of the operations of the company. He was in Cameron Wednesday with Mr.

## 300,000 SHOPMEN WALK OUT ON NATION WIDE STRIKE FEBRUARY 17

Detroit, Mich., Feb. 5.—Orders directing 300,000 members of the United Brotherhood of Maintenance of way employers and railway shop laborers to suspend work at seven a. m. February 17, were going out tonight to various locals.

That decision was announced by Allen E. Barker, grand president of the organization, following a meeting of the general chairmen of the brotherhood. The strike can be averted only if the railroad administration before Saturday grants wage increase demanded last summer, he said tonight.

"The orders have gone out," he declared, "and we would require two or three days to cancel them."

The strike in addition to wage increases requested last summer is to secure a uniform rate from coast to coast. It would affect store house employees; stationary firemen; stationary engineers; steel bridge workers; cinder pit men and oilers and other members of the brotherhood.

A committee of ten left tonight for Washington. It has authority to enter into negotiations with the director general, Mr. Barker said. With departure of the committee, the conference of the general chairman ended. In explaining the decision Mr. Barker said:

"The public should know," he said, "that this strike call is not something decided upon precipitately but dates back to last July. Wage demands were presented to the railroad administration at that time and brotherhood membership authorized a strike to enforce them. We held a strike in abeyance, however, upon President Wilson's request that he be about a reduction in living costs. He asks for 'a reasonable time' which he fixed at sixty or ninety days. We have waited six months and there has been no reduction in the cost of living."

The wage demand average forty per cent, Mr. Barker said, adding:

"There are more than 100,000 of our members who receive less than \$3 a day. More than 100,000 mechanics, consisting of carpenters, masons and painters, are receiving an average of 55 per cent an hour, which is about one-half the wage received by the same class of laboring building trades."

Washington, Feb. 9.—Action of the United Brotherhood of Maintenance of Way Employes and Railway Shop laborers in calling a strike was declared by railroad administration officials to be a violation of the union's wage agreement. This agreement was said to provide no strike calls shall be issued without giving the administration thirty days notice. It was declared the administration had received no official information of the union's grievances and the strike call was set for eight days ahead.

Director General Hines has telegraphed President Baker of the union for a statement as to why the strike was called, it was said. No reply had been received late today.

Snell, P. J. and F. A. Boyer with whom he has been associated for a number of years are now drilling the K. B. Well at Killeen in Bell county.

L. J. Derrick of Temple is the president of the organization which so far has not been given its name. A number of New York parties are interested in the company. The company has also some holdings near the famous Thrall field.

With the entrance of this company into the field here the number of operators is increased to eleven.

Mrs. Willard English and children, who have been visiting in the home of Judge and Mrs. Ed F. English, left Friday for Bartlett.

I have 120 acres of land, part in bottom and part hill land that I want to rent, third and fourth preferred.—R. L. Batte.

Paul Keith of Houston, was in Cameron Saturday, looking after oil interests.

Miss Katie McCall, who is attending the University at Austin, spent the week end with her parents, Mr. and Mrs. McCall.

## REALTY TRANSFER TOTALS FOR WEEK REACH \$49,335.78

### UPWARD TREND IN ACTIVITIES FEATURED BY \$15,135 LAND SALE

Sale by E. Vogelsang, Jr. to E. R. Henderson and others of 151 3-10 acres of land in Milam county out of the Benjamin Ables survey for \$15,135 featured the week in realty. In all there were thirty deals made and recorded during the week. The total consideration was \$49,335.78.

The realty market is showing an upward trend both in the aggregate of consideration and the number of transactions made. There has also been considerable activity in leasing lands in Milam county owing to the development which is about to begin in the oil fields.

### REAL ESTATE TRANSFERS

W. D. Burkhardt to G. C. Murry, being 80 feet off of the south side of lot 2, in block 18, in the city of Rockdale; \$1219.20.

H. Y. Moore to S. Kestenbaum, southeast quarter of block 12, of the Freeman addition to the city of Cameron; \$3500.

Chas. Lewis to B. L. Douthett, lot 8 in block 9, out of the Hamilton & Rasmussen Addition to the town of Rockdale; \$475.

G. C. Murray et ux to Henry Gilstrap, 100 acres out of the Chas. Tom Grant in Milam county; \$1500.

J. R. Berndt et ux to R. B. Craddock, 100 acres being a part of 320 acres of land patented to James Shaw situated in Milam county; \$1250.

H. C. Henderson et ux to J. H. Gibbs lots 8 to 12, in block 2, lots 2 and 3, in block 3, lots 2 to 6 in block 4, and lots 1 to 4 in block 5, in Waters Addition to the town of Burlington; \$160.

C. C. Walden et ux to E. S. Walden, lots 3 and 4, in block 20, situated in the city of Cameron in Milam county; \$400.

Agnes Horelica to Joseph Tomaske, Jr., 21 acres out of the J. A. DePena and 20 acres out of the J. J. Acosta Grant in Milam county; \$2510.

E. E. Green to J. H. Gibbs, all of my interest in the unsold part of lots 1 to 6, inclusive, in block 4 and 1 to 4 inclusive, in block 5 and 3 to 12 in block 2, and lots 2 and 3 in block 3 Waters Addition to the town of Burlington; \$220.

E. Vogelsang, Jr., to E. R. Henderson et al, 151 3-10 acres out of land in Milam county, part of the Benjamin H. Ables survey; \$15,135.

H. Mewhenney to W. P. Johnson 1/4 of an acre more or less, out of the M. Davilla League in Milam county; \$700.

W. P. Johnson et ux to Mrs. Cornelie Macune, block 137 in the town of Davilla, Texas, in Milam county; \$300.

W. H. Bounds et ux to H. C. Odle, parcel of land situated in Milam county, part of the Thomas Curry League in conflict with the J. A. DePena Grant; \$5700.

Guaranty State Bank to J. T. Jennings, 24 acres of land out of the Jennett Bowen League in Milam county; \$1200.

John J. Kadlecik et ux to J. M. Coffey, lot 9 and 10 in block 39 to the town of Buckholts in Milam county; \$1500.

J. W. Perry to Henry Palmer, lots 1, 2 and 3 in block 20 in the city of Rockdale in Milam county; \$660.

Elizabeth A. Weaver to R. E. Sneed, tract or parcel of land in Cameron, out of the D. Monroe Grant in Milam county; \$1000.

Ammie Talley et vir to Geo. Thompson, parcel of land out of the A. W. Sullivan One League Grant in Milam county; \$400.

C. C. Deen et ux to A. S. Dodson, containing all of lot 1 in block 6 in Ben Arnold, Milam county; \$300.

H. V. Daveson et ux to C. C. Dun, all of lot 1 in block 6 in Ben Arnold, Milam county; \$325.

Chas. F. Nolte et ux to H. V. Dawson, lot 2 in block 6 in the town of

## HEARRELL ELECTED MAYOR IN PRIMARY HELD HERE TUESDAY

### HOLTZCLAW RETURNED WIN- NER IN ONLY CONTESTED RACE—LITTLE INTER- EST SHOWN

U. S. Hearrell, Cameron attorney and active in the business and civic affairs of the city, was elected to the office of mayor in the primary held Tuesday. Of the 408 votes cast Mr. Hearrell received 393.

J. E. Holtzclaw was re-elected city marshal, defeating his opponent, Ross Smith, aspirant for the office. Mr. Holtzclaw received 221 votes and Mr. Smith received 181. The city marshal's office was the only contested position on the ticket as neither of the other candidates had opponents. Dan Tyson, now serving his third term as tax assessor and collector, was re-elected to the office, receiving 404 votes.

R. D. Brown, secretary and treasurer for the city was also re-elected, receiving 404 votes.

S. M. Burns, Jr., now serving as city attorney was re-elected to succeed himself. Mr. Burns received 379 of the 408 votes cast.

H. M. Hefley and George T. Graves aldermen, were elected to succeed themselves. The vote was George T. Graves 381, H. M. Hefley 386. Both men have been serving in the capacity of aldermen for the past several years. No election was held this time for the other two aldermen and their terms will expire with the next election year.

The election provoked little interest as compared with former city elections. One reason for this is that but one of the candidates had opposition, and another reason is because of bad weather conditions and the amount of sickness in the city.

Mayor John B. McLane was not a candidate to succeed himself. The nomination of U. S. Hearrell was brought about by business men and citizens of Cameron who feel that his successful business career and legal ability fit him for the place.

### CAMERON STATE BANK INCREASES CAPITAL STOCK

#### Capital Is Now \$60,000—Authorized At Meeting of Directors Held In January of This Year

The Cameron State Bank has increased its capital stock from \$30,000 to \$60,000. Announcement of this increase was made yesterday by T. F. Hardy, president of the bank.

The increase in the capital stock of this bank marks an exceptional growth and development of the institution. The strength of the bank today is a capital of \$60,000; a surplus of \$30,000, and undivided profits of \$10,000.

Stockholders of the bank at a meeting held in January authorized the increase in the capital stock.

The officers are: T. F. Hardy, president; George C. Graves, Cashier; E. P. Lester and B. J. Matocha, assistant cashiers.

Ben Arnold, Milam county; \$500.

Edward Schiller to C. F. Nolte, lots 1, 2, 3, 4, 5, 6, 7, 8, 9 and 10, in block 6 and known as the Ben Arnold Cotton Yard; \$600.

Maggie E. Hicks to Horace White.

Maggie E. Hicks to Horace White.

205 3-25 acres out of the S. Y. Reams 960 acre survey in Milam county; \$5000.

Henry Bonnett et ux to N. M. Bullock, parcel of land out of the Jesse Bailey Grant in Milam county; \$1500.

J. D. Fannin to R. N. Jones, parcel of land out of the Wm. Allen league in Milam county, to the town of Rockdale; \$700.

T. F. Cloud to Mrs. Laura E. Cloud, 90 3-4 acres out of the Lose Leaf Grant in Milam county; \$206.58.

J. C. Moore to W. J. Henke, lots 1, 2 and 3, in block 4 out of the Newton & Johnson Addition to the town of Thorndale, lots 6 and 7 in block 4; \$2100.

Elzie and A. J. Rhoades to C. H. White et al, lot 10 in block 5 out of the town of Gause in Milam county; \$675.

Buy your bright alfalfa at the Oil Mill.

We have waited six months and there has been no reduction in the cost of living."

The wage demand average forty per cent, Mr. Barker said, adding: "There are more than 100,000 of our members who receive less than \$3 a day. More than 100,000 mechanics, consisting of carpenters, masons and painters, are receiving an average of 55 per cent an hour, which is about one-half the wage received by the same class of laboring building trades."

Washington, Feb. 9.—Action of the United Brotherhood of Maintenance of Way Employers and Railway Shop laborers in calling a strike was declared by railroad administration officials to be a violation of the union's wage agreement. This agreement was said to provide no strike calls shall be issued without giving the administration thirty days notice. It was declared the administration had received no official information of the union's grievances and the strike call was set only eight days ahead.

Director General Hines has telegraphed President Baker of the union for a statement as to why the strike was called, it was said. No reply had been received late today.

Snell, P. J. and F. A. Boyer with whom he has been associated for a number of years are now drilling the K. B. Well at Killeen in Bell county.

L. J. Derrick of Temple is the president of the organization which so far has not been given its name. A number of New York parties are interested in the company. The company has also some holdings near the famous Thrall field.

With the entrance of this company into the field here the number of operators is increased to eleven.

Mrs. Willard English and children, who have been visiting in the home of Judge and Mrs. Ed F. English, left Friday for Bartlett.

I have 120 acres of land, part in bottom and part hill land that I want to rent, third and fourth preferred.—R. L. Batte.

Paul Keith of Houston, was in Cameron Saturday, looking after oil interests.

Miss Katie McCall, who is attending the University at Austin, spent the week end with her parents, Mr. and Mrs. McCall.

## REALTY TRANSFER TOTALS FOR WEEK REACH \$49,335.78

**UPWARD TREND IN ACTIVITIES  
FEATURED BY \$15,135 LAND  
SALE**

Sale by E. Vogelsang, Jr. to E. R. Henderson and others of 151 3-10 acres of land in Milam county out of the Benjamin Ables survey for \$15,135 featured the week, in reality. In all there were thirty deals made and recorded during the week. The total consideration was \$49,335.78.

The realty market is showing an upward trend both in the aggregate of consideration and the number of transactions made. There has also been considerable activity in leasing lands in Milam county owing to the development which is about to begin in the oil fields.

### REAL ESTATE TRANSFERS

W. D. Burkhardt to G. C. Murry, being 80 feet off of the south side of lot 2, in block 18, in the city of Rockdale; \$1219.20.

Chas. F. Nolte et ux to H. V. Dawson, lot 2 in block 6 in the town of

## HEARRELL ELECTED MAYOR IN PRIMARY HELD HERE TUESDAY

**HOLTZCLAW RETURNED WINNER IN ONLY CONTESTED  
RACE--LITTLE INTEREST  
SHOWN**

U. S. Hearrell, Cameron attorney and active in the business and civic affairs of the city, was elected to the office of mayor in the primary held Tuesday. Of the 408 votes cast Mr. Hearrell received 393.

J. E. Holtzclaw was re-elected city marshal, defeating his opponent, Ross Smith, aspirant for the office. Mr. Holtzclaw received 221 votes and Mr. Smith received 181. The city marshal's office was the only contested position on the ticket as neither of the other candidates had opponents.

Dan Tyson, now serving his third term as tax assessor and collector, was re-elected to the office, receiving 404 votes.

R. D. Brown, secretary and treasurer for the city was also re-elected, receiving 404 votes.

S. M. Burns, Jr., now serving as city attorney was re-elected to succeed himself. Mr. Burns received 379 of the 408 votes cast.

H. M. Hefley and George T. Graves aldermen, were elected to succeed themselves. The vote was George T. Graves 381, H. M. Hefley 386. Both men have been serving in the capacity of aldermen for the past several years. No election was held this time for the other two aldermen and their terms will expire with the next election year.

The election provoked little interest as compared with former city elections. One reason for this is that but one of the candidates had opposition, and another reason is because of bad weather conditions and the amount of sickness in the city.

Mayor John B. McLane was not a candidate to succeed himself. The nomination of U. S. Hearrell was brought about by business men and citizens of Cameron who feel that his successful business career and legal ability fit him for the place.

### CAMERON STATE BANK INCREASES CAPITAL STOCK

**Capital Is Now \$60,000—Authorized  
At Meeting of Directors Held In  
January of This Year**

The Cameron State Bank has increased its capital stock from \$30,000 to \$60,000. Announcement of this increase was made yesterday by T. F. Hardy, president of the bank.

The increase in the capital stock of this bank marks an exceptional growth and development of the institution. The strength of the bank today is a capital of \$60,000; a surplus of \$30,000, and undivided profits of \$10,000.

Stockholders of the bank at a meeting held in January authorized the increase in the capital stock.

The officers are: T. F. Hardy, president; George C. Graves, Cashier; E. P. Lester and B. J. Matocha, assistant cashiers.

Ben Arnold, Milam county; \$500.  
Edward Schiller to C. F. Nolte, lots 1, 2, 3, 4, 5, 6, 7, 8, 9 and 10, in block 6 and known as the Ben Arnold Cotton Yard; \$600.

Maggie E. Hicks to Horace White, 205 3-25 acres out of the S. Y. Reams 260 acre survey in Milam county; \$5000.

Henry Bonnett et ux to N. M. Bullock, parcel of land out of the Jesse Bailey Grant in Milam county; \$1600.

J. D. Fannin to R. N. Jones, parcel of land out of the Wm. Allen league in Milam county, to the town of Rockdale; \$700.

T. F. Cloud to Mrs. Laura E. Cloud, 90 3-4 acres out of the Lose Leal Grant in Milam county; \$206.58.

J. C. Moore to W. J. Henke, lots 1, 2 and 3, in block 4 out of the Newton & Johnson Addition to the town of Thordale, lots 6 and 7 in block 4; \$2100.

Elzie and A. J. Rhoades to C. H. White et al, lot 10 in block 5 out of the town of Gause in Milam county; \$675.

### THE GARDEN LADY'S STORIES

(Written for the United States  
School Garden Army, Bureau  
of Education, Department of  
the Interior.)

#### Mr. Byandby and the End of the Rainbow

"In the good days of Here-and-now in the Land of Really-True," said the Garden Lady to a group of United States School Garden Army children, who had asked for another story, "there lived a man named Mr. Byandby. He lived on a big country place called Afterwhile. Now, from his house there was a most beautiful view of rich fields and valleys and of distant hills, on which the most lovely lights and shadows played; but only a part of his house, strange to say, was built, and that part was very much out of order and just about to tumble down in some places.

"The paper was falling from the walls, the doors were off the hinges, the windowpanes were cracked or broken, the furniture was rickety, and a general look of dinginess and disorder was everywhere.

"All around the house lay beautiful materials for building. Piles of fine lumber, blocks of costly stone, lay wasting in sun and rain. Byandby inherited all this from his father, who had left his son a little money also and some shares of mining stock in the Hills of Faraway, which could be seen from the front windows.

"Mr. Byandby believed firmly that in the Hills of Faraway there was

gold, but most people said that the only gold there was the golden glow of the sun, which lighted them at sunset.

"Mr. Byandby never could seem to get up strength enough to finish building his house or to put the old part in order. His fields were all overrun with wild growths, and his money was almost gone. His little daughter, whose first name was Patience, was just about ready to give up because she was so unhappy over it all. She was just 15 years old, and she would really have liked an orderly, well-built, well-kept home; but her father was always putting things off and she could never get him to have any new paper on the walls or to repair the doors or start work on the new part of the house. He even objected to her trying to tidy up the old old house. 'For,' said he, 'what's the use of doing anything to this old shack till I get the new part? Wait till the returns come in from Faraway ore out of the hills.'

"He therefore spent all his time sitting on the broken-boarded porch looking out over the lovely distant country to Faraway Hills. In this way, as year after year went on and Mr. Byandby dreamed on, his house grew more tumbled down and his money grew less. But he couldn't do any of the near-at-hand tasks for dreaming of that Faraway gold, although Patience, who had heard of the United States School Garden Army pleaded with him to allow her to raise a garden.

"On afternoon as he sat on the tumbled-down porch a great storm came up over the hills turned the valleys and fields silver-white with rain and mist, and then passed in the golden light of the sun that poured its long rays from under the gold-fringed edges of the lifted curtain of blue-black cloud.

"Mr. Byandby heard a voice singing like a brooklet gurgling over little white pebbles between leaning grasses, only the voice seemed to have words to its singing that called to him—

"Gold in the air,  
Gold in the earth,  
Gold at the rainbow's end!  
My promises fair  
Your labors are worth!  
Come out and find them, my friend."

(To be Continued.)

#### WANT EXHIBITION GAME

Austin, Texas, Feb. 12.—Negotiations are being carried on by Capt. L. T. Bellmont, athletic director of the University of Texas, with the view of inducing the St. Louis Browns to play a series of games with the Longhorns. If satisfactory arrangements are made it is expected the games will be played on Clark Field in March.

#### Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. Very Pleasant to Take. 60c per bottle.

666 quickly relieves Colds and La-Grippe, Constipation, Bilioussness, Loss of Appetite and Headaches.

#### FARMS FOR SALE OR TRADE

I have 100 acres of land near Sandy Grove schoolhouse, 65 acres in cultivation, balance timber. House, lot, etc. Will sell for \$12.00 an acre or will take mules in part payment.

100 acres of land, 35 acres in cultivation and balance in timber. This tract is 3-4 mile from Elevation Switch on the Santa Fe. The timber on the place will pay for the land and cutting. For particulars and terms see R. L. Batte, Cameron, Texas.

Cameron, Texas.

## TEXANS ARE HELD IN RUSSIAN WILDS

RED CROSS PROBING REPORTED  
CAPTURE BY BOLSHEVIKI  
OF NURSES

Washington, Feb. 12.—The American Red Cross has cabled Vladivostok for full information concerning the reported capture of a number of its workers, together with a party of American engineers and an entire Polish army, by the Bolsheviks at Kliuchinskaya, Siberia. Thus far it has received no direct word concerning the incident. Recent cables have mentioned the appearance of local uprisings in territory in which American Red Cross relief workers have been operating but latest advices were that all were safe.

Seven Red Cross nurses, nurses aids and physicians from Texas are in the Siberian Commission of the Red Cross. They are: Dr. Robert M. Marshall, Amarillo, Miss Fannie Ryler Dobie, Beeville, nurse aid; Miss Lucy J. Carter, 105 Cadiz Street, Dallas, nurse; Miss Harriet Mae, 1910 Jackson Street, Houston, nurse; Miss Effie Myrtle Meers, San Angelo, nurses aid; David H. Rouse, 205 West Dewey place, San Antonio; Miss Minnie L. Blake, Trinity, nurse.

Red Cross records here show that Capt. Charette mentioned in press dispatches as being captured, is Edward Hercules Charette, pharmacist, of 456 East Lindsey street, Stockton, California. There is no report of Miss Ford mentioned as being in Siberia.

About 400 American men and women are attached to the Siberian Commission of the American Red Cross. Nearly all are being concentrated at Vladivostok, and will be withdrawn as rapidly as the American troops leave Siberia, the remainder staying on to finish the distribution of relief supplies now on hand.

#### No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

WHEN you see this famous  
trade-mark, think a minute!  
Think of the delicious taste of  
a slice of fresh toasted bread!

That's the real idea back of the  
success of Lucky Strike cigarettes.  
Toasting improves tobacco just as well  
as bread. And that's a lot.

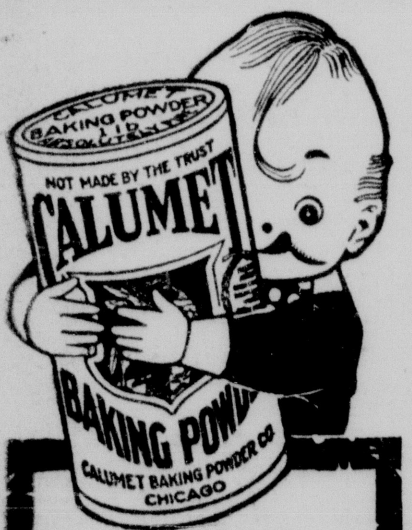

Try a Lucky Strike cigarette—

## The Cotton Farmer's Cow

The farmer who grows so much cotton that he has no room for a cow is neglecting a chance to make some easy money.

If he would follow the advice of the American Cotton Association, if he would plant fewer acres of cotton, use carefully selected seed and fertilize highly—

He would increase the production of lint cotton per acre, thereby maintaining the standard of supplies, but reducing the net cost per pound;

He would have left acreage on his farm to keep cows, to raise hogs, to grow fruits and vegetables and grains.

These would feed his family and give him enough extra cash so that he could store his cotton in the system of warehouses advocated by the American Cotton Association and get a fair and equitable price.

The Cotton Farmer's Cow is the title of one article in a great series about the work of the American Cotton Association now appearing in The Country Gentleman. (Five cents a copy from any news stand; \$1.00 a year by mail—fifty-two issues, if you send to The Country Gentleman, Philadelphia, Penna.) Many sections of the South are finding freedom from the all-cotton system, with its poverty and privations, by keeping cows whose milk is made into cheese. These farmers bank their cotton money as pure velvet.

This bank, first, last and all the time, is for the American Cotton Association's program of better cotton, higher prices, diversified crops—and more money for all.

## CITATION

### THE STATE OF TEXAS

To the Sheriff or any Constable of Milam County—Greeting:

You are hereby commanded to summon George Mitchell by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court in Milam County, to be holden at the court house thereof in Cameron, on the 1st day of March 1920, the same being the 1st Monday in March 1920 then and there to answer a petition filed in said court on the 22nd day of January 1920, in a suit numbered on the docket of said court No. 8123, wherein Lillie Mitchell is plaintiff and George Mitchell is defendant, said petition alleging: The Statutory Grounds of Three Years' Abandonment.

Herein fail not, but have before said court on the said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness, Penn Wolf, Clerk of the District Court of Milam County, Texas.

Given under my hand and the seal of said court, in Cameron, this the 22nd day of January, A. D. 1920.

PENN WOLF,

Clerk of the District Court Milam County, Texas. 39 ft

I have 120 acres of land, part in bottom and part hill land that I want to rent, third and fourth preferred.—R. L. Batte.

Miss Vance Hardy is home again after a pleasant visit in Rosebud with Mrs. Alex Triggs.

Buy your bright alfalfa at the Oil Mill.

Hon. W. A. Morrison was stricken with Flu just as he was entering Houston and returned Friday night quite sick.

## TEACH COMMERCIAL COURSE IN CAMERON SCHOOL NEXT YEAR

DOMESTIC ECONOMY FOR GIRLS  
INCLUDED IN PROGRAM FOR  
NEW TERM

Commercial courses and domestic economy for Cameron boys and girls will be added to the advantages of the local schools beginning with the 1921 term and the completion of the new high school building which is now under course of construction.

The addition of these commercial and domestic science courses is an innovation for high schools in cities like Cameron and is a step in advance of educational programs adopted and now in force in many of the larger cities of the State.

The courses are now being mapped out by Superintendent L. H. Kidd and J. N. Crawford, Principal. It is both a commendable movement and a fine example of progressive, educational methods that these instructors have achieved this for Cameron schools.

The details for this work have not yet been completed but the courses are being formulated and will be ready at the beginning of the new term. In the commercial course will be stenography, bookkeeping and commercial English. Sewing, cooking and millinery will be included in the domestic economy course.

Special equipment with laboratories will be installed for these new courses. The rooms to be set aside for this work will be on the third floor of the new high school building.

With these additional advantages Cameron schools will rank as high as any in the state with a few exceptions. The courses have become a big factor in many schools and in this day of commercial requirements students will graduate from the school with full knowledge of business problems and equipped to enter industrial life.

Cameron schools have grown to such an extent during the past few years until it has become necessary to construct new building and the new high school when finished will be one of the best in the State. Hundreds of people have moved to the city from the rural districts to give their families advantage of the school facilities and this has contributed largely to the housing shortage in Cameron as well as added to the population.

Full particulars regarding these courses will be announced when the work of planning them has been completed. These courses will increase the attendance of the school because of their commercial advantages.

## RED CROSS WOMEN SAVE LIFE OF BRITISH GENERAL

Convince Montenegrins That Englishman and Aide Are American Officers

Scutaria, Albania, Feb. 12.—Two American women were the means of saving a British general and his aide from what appeared to be certain death at the hands of a hostile band of Montenegrins, according to a story told in Albania by the foreign colonels. The women are Miss Ella F. McGovern of Milwaukee, Wis., and Mrs. Maria Ford of Indianapolis, Ind., field workers in the service of the American Red Cross. Major General G. P. Phillips, virtually military governor for the British in Albania, is the officer whose life was spared by intervention of the women.

The British general and his aide were proceeding north through Albania on a tour of inspection with the Americans, and without knowing it, had crossed the Montenegrin border. Suddenly, in a section resembling somewhat Yellowstone park, a band of 68 Montenegrin soldiers stepped out of a thicket, and ordering them to halt, leveled rifles at them. Believing he had reached an active fighting zone, the general directed his chauffeur to turn around. But the Montenegrins refused to allow the car to go. The leader of the band ordered the party to walk single file to a point where they were in full view of every one of the Montenegrins, who lowered their guns and loaded them.

The American women knew that a price had been set by the Montenegrins on General Phillips' head for what the Montenegrins conceived to be unfriendly acts on his part in Albania toward certain of their tribes, and had forbidden him to enter their country. They sensed the seriousness of the situation at once, and, after identifying themselves as representatives of the American Red Cross, they insisted the English general and his aides also were Americans. "Keep quiet and don't say a word," Miss McGovern admonished the Englishmen.

The leader of the Montenegrins was skeptical of the nationality of the party, and sent for his chief, who, although unable to read the identification papers which the Americans

handed him, did make out the work "American" and the Red Cross.

The whole attitude of the Montenegrins changed when they became convinced the party were Americans. Cigarette were exchanged between the Montenegrins and the two grateful British officers and the party was allowed to proceed.

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely. Littel's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

Small size 50 cents bottle, Large size \$1.00

## CITATION

### THE STATE OF TEXAS

To the Sheriff or any Constable of Milam County—Greeting:  
You are hereby commanded to summon George Mitchell by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court in Milam County, to be holden at the court house thereof in Cameron, on the 1st day of March 1920, the same being the 1st Monday in March 1920 then and there to answer a petition filed in said court on the 22nd day of January 1920, in a suit numbered on the docket of said court No. 8123, wherein Lillie Mitchell is plaintiff and George Mitchell is defendant, said petition alleging: The Statutory Grounds of Three Years' Abandonment.

Herein fail not, but have before said court on the said first day of the next term thereof, this Writ, with your return thereon, showing how you have executed the same.

Witness, Penn Wolf, Clerk of the District Court of Milam County, Texas.

Given under my hand and the seal of said court, in Cameron, this the 22nd day of January, A. D. 1920.  
PENN WOLF,  
Clerk of the District Court Milam County, Texas. 39 4t

I have 120 acres of land, part in bottom and part hill land that I want to rent, third and fourth preferred.—R. L. Batte.

Miss Vance Hardy is home again after a pleasant visit in Rosebud with Mrs. Alex Triggs.

Buy your bright alfalfa at the Oil Mill.

Hon. W. A. Morrison was stricken with Flu just as he was entering Houston and returned Friday night quite sick.

## TEACH COMMERCIAL COURSE IN CAMERON SCHOOL NEXT YEAR

### DOMESTIC ECONOMY FOR GIRLS INCLUDED IN PROGRAM FOR NEW TERM

Commercial courses and domestic economy for Cameron boys and girls will be added to the advantages of the local schools beginning with the 1921 term and the completion of the new high school building which is now under course of construction.

The addition of these commercial and domestic science courses is an innovation for high schools in cities like Cameron and is a step in advance of educational programs adopted and now in force in many of the larger cities of the State.

The courses are now being mapped out by Superintendent L. H. Kidd and J. N. Crawford, Principal. It is both a commendable movement and a fine example of progressive, educational methods that these instructors have achieved this for Cameron schools.

The details for this work have not yet been completed but the courses are being formulated and will be ready at the beginning of the new term. In the commercial course will be stenography, bookkeeping and commercial English. Sewing, cooking and millinery will be included in the domestic economy course.

Special equipment with laboratories will be installed for these new courses. The rooms to be set aside for this work will be on the third floor of the new high school building.

With these additional advantages Cameron schools will rank as high as any in the state with a few exceptions. The courses have become a big factor in many schools and in this day of commercial requirements students will graduate from the school with full knowledge of business problems and equipped to enter industrial life.

Cameron schools have grown to such an extent during the past few years until it has become necessary to construct new building and the new high school when finished will be one of the best in the State. Hundreds of people have moved to the city from the rural districts to give their families advantage of the school facilities and this has contributed largely to the housing shortage in Cameron as well as added to the population.

Full particulars regarding these courses will be announced when the work of planning them has been completed. These courses will increase the attendance of the school because of their commercial advantages.

### RED CROSS WOMEN SAVE LIFE OF BRITISH GENERAL

Convince Montenegrs That Englishman and Aide Are American Officers

Scutaria, Albania, Feb. 12.—Two American women were the means of saving a British general and his aide from what appeared to be certain death at the hands of a hostile band of Montenegrs, according to a story told in Albania by the foreign colonels. The women are Miss Ella F. McGovern of Milwaukee, Wis., and Mrs. Maria Ford of Indianapolis, Ind., field workers in the service of the American Red Cross. Major General G. P. Phillips, virtually military governor for the British in Albania, is the officer whose life was spared by intervention of the women.

The British general and his aide were proceeding north through Albania on a tour of inspection with the Americans, and, without knowing it, had crossed the Montenegrin border. Suddenly, in a section resembling somewhat Yellowstone park, a band of 68 Montenegrin soldiers stepped out of a thicket, and ordering them to halt, leveled rifles at them. Believing he had reached an active fighting zone, the general directed his chauffeur to turn around. But the Montenegrs refused to allow the car to go. The leader of the band ordered the party to walk single file to a point where they were in full view of every one of the Montenegrs, who lowered their guns and loaded them.

The American women knew that a price had been set by the Montenegrs on General Phillips' head for what the Montenegrs conceived to be unfriendly acts on his part in Albania toward certain of their tribes, and had forbidden him to enter their country. They sensed the seriousness of the situation at once, and, after identifying themselves as representatives of the American Red Cross, they insisted the English general and his aides also were Americans. "Keep quiet and don't say a word," Miss McGovern admonished the Englishmen. The leader of the Montenegrs was skeptical of the nationality of the party, and sent for his chief, who, although unable to read the identification papers which the Americans

handed him, did make out the work "American" and the Red Cross.

The whole attitude of the Montenegrs changed when they became convinced the party were Americans. Cigarette were exchanged between the Montenegrs and the two grateful British officers and the party was allowed to proceed.

## PASTORS TO CONFER IN WORLD MOVEMENT

CONFERENCE AT DALLAS ON  
17—H. R. MACFADYEN TELLS  
OF MOVEMENT

The first meeting of the Texas Pastors' Conference of the Inter-Church World Movement will be held in the First Presbyterian Church of Dallas on the 17, 18 and 19th of February. Every pastor in the State is invited to attend, and traveling expenses will be paid. Information received from headquarters indicate that hundreds are planning to attend.

The movement has for its aim the closer co-operation and co-ordination of all the Protestant forces of the land in a mighty effort to win the world for Christ. One statement from the great convention at Atlantic City is that the movement is "for the development of unity of spirit and practical co-operation among the evangelical Protestant denominations of America. As Dr. Speer said, "We are going to find a way to do this thing together." Over 71 per cent of the Protestant Christians of America have signified their co-operation in the movement. Christian people will generally rejoice over this larger fellowship of the saints in doing the Master's work.

There is no effort to interfere with the work of the individual denominations. Each will make their plans and the movement seeks to co-ordinate these so that each will be of assistance to the other. With this in view the time for the financial drives of the churches not yet having made their effort for this year has been set for April 21 to May 2nd. At that time many of the denominations great and small will make their canvasses. All the Presbyterians of Texas will make their canvasses at that time. The New Era Movement of the Northern Presbyterians, and The Progressive Program, for the Southern Presbyterians, will be put over the top. Both making advances in their gifts that will put them in the fore front in mission activity.

Those planning to attend the Pastors' Conference should so notify Field Department, 613 Sumpter Bldg. Dallas, Texas.

H. R. MacFADYEN,  
Pastor Presbyterian Church.

If you want good bright alfalfa go to the Oil Mill.

Miss Helen Mulhern is spending the week in Brenham with relatives.

Ed Balhorn, who has been a victim of the flu for the past two weeks is able to resume his duties in the Robt. McLane Company office on Monday. J. D. Martin, a prosperous farmer of Maysfield, was a business visitor to Cameron Friday.

Rev. and Mrs. Ira Key, and Messrs. L. H. Kidd and T. F. Hardy motored over to Rockdale Sunday to attend public worship as the Cameron churches were closed on account of flu.

### R. M. SAUNDERS DEAD

R. M. Saunders died at his home in Pittsburg, Pa., late last week and was buried in Cameron Friday afternoon, interment being made in the Oak Hill cemetery.

Mr. Saunders married Miss Clara Slocomb, Cameron girl and daughter of Mr. and Mrs. S. J. Slocomb in San Antonio about ten years ago but never resided in this city. He was about 33 years of age, and at the time of his death was active head of a Pittsburg oil corporation.

Funeral services were held by Rev. Ira F. Key pastor of the Methodist church on arrival of the body here Friday morning.

Mrs. Saunders has returned to the home in Pittsburg. Both Mr. and Mrs. Saunders were planning to spend several months in Cameron and Mr. Saunders was closing up some business matters prior to the visit here when stricken with pneumonia.

## CALOMEL

Calomel is a dangerous drug. It is mercury—quicksilver; and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work.

Take "Dodson's Liver Tone" Instead!

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards.

Two New Ford Trucks with solid tires, for which we have no orders, have just reached our display rooms. These trucks are offered for immediate sale and delivery.

This is your chance to buy Ford Trucks with the additional advantage of immediate delivery. The most useful and durable truck in the world. Price—

**\$610.31**

Don't delay. Come to our salesrooms and drive your truck out.

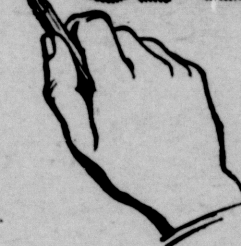

### Self-Starting Ford Roadster

We also have for immediate delivery one New Ford Roadster with self starter. We have no order for this car and the first application will get it.

FORDS Mean SERVICE and SATISFACTION. The Universal Car.

**Chambers-Hefley Motor Company**  
CAMERON TEXAS

# CALOMEL

Calomel is a dangerous drug. It is mercury—quicksilver; and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work.

### Take "Dodson's Liver Tone" Instead!

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards.

## Bliss Triumph Potatoes

**\$2.25 A BUSHEL**

When you buy your groceries at this store you know you are getting the best both in Quality and in price. Our service is unexcelled, and we give Strict attention to each individual order received. It will pay you to do your trading here. The savings you realize by paying cash will amount to a big sum in the course of the year.

## THE BREAD AND BUTTER QUESTION

Six thousand teachers quit the profession in Texas annually. Can you blame them when you compare their annual earning capacity with that of men and women educated for business. Those entering the business world through the route of Bookkeeper, Stenographer, Private Secretary, or Operator draw better salaries, twelve months in the year, and it is not long if they are made of the right kind of stuff before they are promoted to assistant manager or manager of a large business concern, or engaged in business for themselves and are thereby enabled to lay up a comfortable living for old age. Make a comparison of the teacher, who after graduating from the high school spends from one to two years in the State Normal and hundreds of dollars preparing himself, and has been teaching five years in the public schools, with the Bookkeeper, Stenographer, or Operator who has only spent from three to six months in obtaining his education and a small amount of money is drawing twice the salary of the teacher regardless of the fact that the teacher spent more time and money in the preparation for their life work. More interesting facts on this subject can be had by writing the Tyler Commercial College at Tyler, Texas, for their large illustrated catalogue giving full particulars of America's largest business training school with four thousand enrollments annually and reading what teachers say who have attended this institution, they can do to increase their earning capacity. Fill in and mail for free catalogue.

WANT WAR DATA

Austin, Texas, Feb. 12.—Immediate collection of all available data upon this State's part in the world war is urged by M. R. Gutsch, director of the Texas War Records Collection of the University of Texas. According to Mr. Gutsch, much valuable material has already been lost. He points out that many papers and documents which appear to have no value today will become priceless for historical purposes in years to come.

"Soldiers' letters, newspaper clippings, reports of welfare societies, churches and schools, should be collected at once and deposited in some fire-proof place, preferably in care of the Texas War Records Collection at Austin," Mr. Gutsch said. "This is an excellent opportunity for individuals or organizations to perform a highly useful and patriotic service to the State. The archives of the Texas War Records Collection will be the greatest memorial which can be created to the work of our citizens in the service and in their home communities."

**Grove's Tasteless Chilli Tonic**  
restores vitality and energy by purifying and enriching the blood. You can soon feel its strengthening, invigorating effect. Price 50c.

Mr. Farmer: A sure money maker, start a pure seed farm, then see us for a truck to haul the seed to town.—Wilkerson Bros.

I have 120 acres of land, part in bottom and part hill land that I want to rent, third and fourth preferred.—R. L. Batte.

## POWER MACHINERY ON FARM REDUCES HIGH LIVING COST

### CONFERENCE MAPS OUT 1920 PRODUCTION COURSES ON TEXAS FARMS

Farm Plans for 1920 were formulated at the recent farmers' institute at Dallas provide for many methods for diversification of crops and for production on the smallest labor requirement.

Among the recommendations made is the use of power machinery on the farm. Right at this time power machinery is a big factor and will play its part in solving the food situation. "We, your Committee on Farm Plans for 1920, having fully considered the agricultural situation in Texas, and in view of the special conditions following the war, and the present food stock, and supplies of the farm products now on hand in this country and the world, have deemed it best to make recommendations that seem best adapted to meet the conditions now existing in Texas.

"Our recommendations have been grouped under eight general heads: 1. Labor; 2. Livestock; 3. Diversification; 4. Home-Marketing; 5. Cost of Crops; 6. Cotton; The recommendations about cotton have been divided into two sub-heads, (a) Seed for Planting, and (b) Insect Control; 7. Plant Pathology; 8. Soil Erosion.

Our recommendations under these eight general heads, and the two sub-heads under Cotton, are as follows:

1. Labor.—In order to secure the largest possible benefits out of the existing farm labor supply, we recommend the planting of crops so far as possible, that require the least possible labor; that as far as possible, farmers practice the interchange of labor, especially in any emergency; that idle labor can be forced into helping cultivate our farms. We also recommend that the less essential work

on forms be not allowed to interfere with crop production.

2. Livestock.—We recommend the raising of more livestock, and that better grades of livestock be brought on the farm. We also recommend that farmers grow enough food crops to care for their livestock.

3. Diversification.—We recommend the diversification of crops in accordance with the need and quality of soil and climate, at least to the extent of providing for the food and feed needs of the farmer.

4. Home Marketing.—We recommend the co-operation between the merchants and farmers that will result in providing a ready cash and shipping market for everything grown on the farm not needed for home consumption.

5. Crop Costs.—We recommend that the State Department of Agriculture send out blanks to Texas farmers to secure definite, accurate and itemized statements of the cost of growing the staple money crops for 1920, and that these reports be returned to the Commissioner of Agriculture for tabulation. We further recommend that as far as possible these tabulations be made with reference to the various agricultural divisions of the State, so that the difference in cost of production in the different parts of the State may be obtained. We recommend that the farmers be asked to send in these reports by August 15th, so that tabulation can be made and published by September 1.

6. Cotton.—(a) We recommend that extra care be exercised this season in selecting the seed best adapted to each section, and that all seed be tested, especially where there is any doubt as to its germinating qualities. We also recommend that sections that can grow medium or long staple cotton, should do so.

(b). We recommend, for this year, the destruction of cotton stalks and vegetable trash at once, in those sections where very destructive insect infestation occurred in 1919. If cotton insect pests appear, we recommend that proper poisons be used for their control, and with that end in view, we recommend that farmers call on the Extension Service of the A. & M. College and the State Department

of Agriculture now for expert information relative to the best methods of combating insect pests in the State.

Plant Pathology.—In view of the heavy annual losses from plant diseases, we recommend that farmers secure the earliest date possible, bulletins from the U. S. Department of Agriculture, from the A. & M. College of Texas, and from the State Department of Agriculture, treating the various plant diseases which have heretofore caused the destruction of Texas crops to the end that the farmers may know how to combat such diseases when they make their first attack. In case any crop is attacked by a disease unknown to the Plant Pathologist of the State Department of Agriculture at Austin, or with the one at the A. & M. College, so that the disease may be stamped out before it has had time to spread in its destructive work.

8. Soil Erosion.—In view of the fact that the cultivated soil of Texas is being rapidly robbed of its fertility by washing rains and bad tillage, we recommend that the farmers call on their county agents and the State De-

partments of Agriculture for expert service in having their rolling and hill fields terraced, so that erosion of such field may be reduced to the minimum.

## Why More Small Cars Come Equipped With Goodyear Tires

Last year, more small cars, using 30 x 3, 30 x 3½, or 31 x 4-inch tires, were factory-equipped with Goodyear Tires than with any other kind.

This is plainly a result of the high relative value produced in these small-car tires by Goodyear's enormous resources and scrupulous care.

They represent the same intense endeavor to supply utmost satisfaction in tires that has laid the basis for the marked preference which exists everywhere for Goodyear Tires in the larger sizes.

This real Goodyear value in tires is available for your Ford, Chevrolet, Dort, Maxwell, or other small car, at our nearest Service Station. Go there for these tires and Goodyear Heavy Tourist Tubes.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread..... \$20.00  
30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread..... \$17.65

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30 x 3½ size in water-proof bag..... \$3.90

### FROM OUT WEST

The first issue of the Sweetwater  
Daily Reporter under date of Sunday  
February 1, published by The Terrell  
Publishing Company, has reached the  
exchange table of The Cameron Her-  
ald. The issue contains twenty-four  
pages and in every way is in keeping  
with the great and growing west of  
which it has so recently become a  
part.

The Sweetwater Daily Reporter has  
the best wishes of The Herald upon  
the occasion of its advent into the  
daily field of Texas.

O. H. Roberts, former city editor  
of the San Antonio Daily Express and  
one of the brightest newspaper men  
in Texas is editor of The Daily Re-  
porter. With so able a craftsman at  
the helm of the new Western daily its  
success is assured from the first is-  
sue.

In the establishment of this paper

the West falls heir to an invaluable  
asset and may its mission be filled  
with the spirit that is the West, the  
land of sunset's tawny gold.

### SPAIN LOOKS TO THE SOUTH

King Alfonso will soon visit South  
America, and liberal opinion in Spain  
expects the trip of their ruler to win  
much trade for Spanish firms from  
a region of the world which is natu-  
rally and racially sympathetic to the  
Spanish kingdom.

Spain during the world war was  
neutral, and her strength of finance  
and trade capabilities is much more  
relatively now than before the war.  
Spain is in a position to strike for  
the South American trade, and at the  
same time again assume leadership  
over the Spanish speaking countries  
of the world.

The United States is now political-  
ly in the ascendancy in these parts  
of the world, but Spain, for the first  
time since 1898, is beginning to look  
forward to a resumption of leader-  
ship. As El Dia, a liberal Spanish  
paper at Madrid, says, "The trip of  
the king will be the beginning of a  
cofederation of Spanish-speaking  
peoples—with a population of one  
hundred millions—which can ulti-  
mately dictate world policies," and  
calls the proposal trip the means of  
"the triumph of the Spanish race."

This paper loses sight of the fact  
that the United States now has over  
one hundred millions of people, and  
yet is not able to dictate world poli-  
cies alone. There can be no doubt,  
however, that Spain can rally behind  
her leadership a considerable Latin  
following in South and Central  
America of those countries which are  
dissatisfied with the leadership of the  
United States.

## LIBERTY SHOOTING IS FATAL TO NEGRO

WILLIS LINCOLN KILLED THURS-  
DAY AFTERNOON—JIM DYKES  
IS HELD

Jim Dykes, negro, charged with the  
killing of Willis Lincoln, negro, in the  
Liberty Hill community near Thorn-  
dale, last Thursday afternoon, was  
arrested by Constable John Worley  
there shortly after the shooting, and  
is confined in the Milam county  
jail.

The shooting occurred Thursday af-  
ternoon. Willis was shot twice, in the  
left breast and the left hip. He died  
in a few minutes after the shooting.  
A shot gun was used. There was no  
eye witnesses to the shooting.

Sheriff L. L. Blaylock was notified  
shortly after the killing and went to  
Thornedale to receive the prisoner. It  
is said that the negroes had trouble  
some time previous to the killing and  
it is thought that this led to the kil-  
ling. No statement has been made  
by Dykes and no reason has been as-  
signed for the shooting.

## J. H. GANDY DIES IN CAMERON FROM PNEUMONIA ATTACK

WAS BELOVED CITIZEN AND NA-  
TIVE OF MILAM COUNTY—FU-  
NERAL TUESDAY AFTER-  
NOON

J. H. Gandy, beloved citizen of  
Cameron and a native of Milam coun-  
ty, died at his home in this city Tues-  
day morning at 3:15 o'clock after an  
illness of several days from pneumo-  
nia which resulted from an attack of  
influenza.

Mr. Gandy was born on a farm near  
Yarrellton and was 33 years of age.  
When a youth and following the  
death of his father, he came to Cam-  
eron and made his home with his  
grandfather, the late J. Claxton. He  
was reared and educated in Cameron  
and was at the time of his death en-  
gaged in the sale of automobiles. He  
had been at various times in business  
life here and was successful.

In addition to his business inter-  
ests in Cameron Mr. Gandy owned  
farm lands and was engaged in that  
industry.

He is survived by his widow and  
children, all of whom were ill at the  
time of his death. Mrs. Gandy con-  
tracted pneumonia at about the time  
her husband was stricken but her con-  
dition was somewhat improved at the  
time of the death of Mr. Gandy.

Funeral services were held from  
the home Tuesday afternoon at 4:30  
o'clock. The body was buried by the  
Masonic lodge of Cameron of which  
deceased was a member. Rev. Ira F.  
Key, pastor of the Cameron Metho-  
dist church conducted a short service  
at the grave. Mr. Gandy was a mem-  
ber of the Woodmen of the World.

Interment was made in the Oak  
Hill cemetery. The funeral was  
largely attended by relatives and  
scores of friends who loved him with  
an affection accorded few men.

### SUNDAY SCHOOL LESSON FOR SUNDAY, FEBRUARY 15.

While we are in so much uncertainty  
as to our church services and our Sun-  
day School work is broken in on as it  
why not study at home? Have a  
Sunday School at home Sunday, and  
let the youngest take up the collec-  
tion, have a song or two and study  
the lesson. Here are some things  
that may help.

The subject is Peter and Corne-  
lius, and the text is Acts 10:1  
to 11:18. The great fact to learn is  
that in the days of the apostles the open-  
ing of the doors of the gospel and the  
church to the great Gentile  
world. Up to this time the church  
was made up of the Jews. Not  
even the apostles themselves realized  
that God in Christ had opened the  
door of hope to the gentiles. The  
gospel was to be preached to all but  
they thought that men had to be-  
come Jews before they could be  
followers of Christ. Here we find  
that God saves Cornelius, a gentile,  
and grants to him and his the same  
blessing the others had enjoyed at  
Pentecost, and that simply on faith  
in Christ. So salvation was opened  
to the world of lost gentiles without  
their undergoing the ceremonies of  
the Jews. This was new to Peter  
and the church. This is the real  
meaning of the great sheet Peter  
saw let down out of heaven—and  
the words of God to him as he was  
strong for the regulations that gov-  
erned him as a Jew. What God has  
cleansed that call not thou common.  
When we realize that Cornelius was  
the very first gentile to be saved,  
and we think what an important  
thing this was in the history of the  
Kingdom we are not surprised that  
God manifested his leading in mira-  
culous ways.

Note the various statements as to  
the noble, moral character of this  
man Cornelius. Think how few to-  
day are in his class, and then see  
verse 6, chapter 10 and verse 14,  
chapter 11. Good man, but un-  
saved and Peter was to tell him  
what to do to be saved.

Peter is sent of God to tell this  
man what he ought to do. Read  
his sermon, Acts 10:34 to 10:43. He  
tells the story of the life and death  
of Jesus, and the last verse tells the  
man what to do, verse 43, whosever  
believeth in him shall receive remis-  
sion of sins. This was Peter's mes-  
sage. It is the message to all of us  
today.

H. R. MacFadyen.

Just at this time General Wood and  
Herbert Hoover enjoy the limelight  
as presidential candidates. The gen-  
eral is after the Republican nomina-  
tion, but Herbert is seeking no par-  
ticular party endorsement, being wil-  
ling to start a party of his own, if  
necessary.

Miss Mildred Chambers spent a few  
days in Waco last week, the guest of  
friends and relatives.

### FROM OUT WEST

The first issue of the Sweetwater  
Daily Reporter under date of Sunday  
February 1, published by The Terrell  
Publishing Company, has reached the  
exchange table of The Cameron Her-  
ald. The issue contains twenty-four  
pages and in every way is in keeping  
with the great and growing west of  
which it has so recently become a  
part.

The Sweetwater Daily Reporter has  
the best wishes of The Herald upon  
the occasion of its advent into the  
daily field of Texas.

O. H. Roberts, former city editor  
of the San Antonio Daily Express and  
one of the brightest newspaper men  
in Texas is editor of The Daily Re-  
porter. With so able a craftsman at  
the helm of the new Western daily its  
success is assured from the first is-  
sue.

In the establishment of this paper

the West falls heir to an invaluable  
asset and may its mission be filled  
with the spirit that is the West, the  
land of sunset's tawny gold.

### SPAIN LOOKS TO THE SOUTH

King Alfonso will soon visit South  
America, and liberal opinion in Spain  
expects the trip of their ruler to win  
much trade for Spanish firms from  
a region of the world which is natu-  
rally and racially sympathetic to the  
Spanish kingdom.

Spain during the world war was  
neutral, and her strength of finance  
and trade capabilities is much more  
relatively now than before the war.  
Spain is in a position to strike for  
the South American trade, and at the  
same time again assume leadership  
over the Spanish speaking countries  
of the world.

The United States is now political-  
ly in the ascendancy in these parts  
of the world, but Spain, for the first  
time since 1898, is beginning to look  
forward to a resumption of leader-  
ship. As El Dia, a liberal Spanish  
paper at Madrid, says, "The trip of  
the king will be the beginning of a  
cofederation of Spanish-speaking  
peoples—with a population of one  
hundred millions—which can ulti-  
mately dictate world policies," and  
calls the proposal trip the means of  
"the triumph of the Spanish race."

This paper loses sight of the fact  
that the United States now has over  
one hundred millions of people, and  
yet is not able to dictate world pol-  
icies alone. There can be no doubt,  
however, that Spain can rally behind  
her leadership a considerable Latin  
following in South and Central  
America of those countries which are  
dissatisfied with the leadership of the  
United States.

## LIBERTY SHOOTING IS FATAL TO NEGRO

WILLIS LINCOLN KILLED THURS-  
DAY AFTERNOON—JIM DYKES  
IS HELD

Jim Dykes, negro, charged with the  
killing of Willis Lincoln, negro, in the  
Liberty Hill community near Thorn-  
dale, last Thursday afternoon, was  
arrested by Constable John Worley  
there shortly after the shooting, and  
is confined in the Milam county  
jail.

The shooting occurred Thursday af-  
ternoon. Willis was shot twice, in the  
left breast and the left hip. He died  
in a few minutes after the shooting.  
A shot gun was used. There was no  
eye witnesses to the shooting.

Sheriff L. L. Blaylock was notified  
shortly after the killing and went to  
Thorndale to receive the prisoner. It  
is said that the negroes had trouble  
some time previous to the killing and  
it is thought that this led to the kil-  
ling. No statement has been made  
by Dykes and no reason has been as-  
signed for the shooting.

## J. H. GANDY DIES IN CAMERON FROM PNEUMONIA ATTACK

WAS BELOVED CITIZEN AND NA-  
TIVE OF MILAM COUNTY—FU-  
NERAL TUESDAY AFTER-  
NOON

J. H. Gandy, beloved citizen of  
Cameron and a native of Milam coun-  
ty, died at his home in this city Tues-  
day morning at 3:15 o'clock after an  
illness of several days from pneumo-  
nia which resulted from an attack of  
influenza.

Mr. Gandy was born on a farm near  
Yarrellton and was 33 years of age.  
When a youth and following the  
death of his father, he came to Cam-  
eron and made his home with his  
grandfather, the late J. Claxton. He  
was reared and educated in Cameron  
and was at the time of his death en-  
gaged in the sale of automobiles. He  
had been at various times in business  
life here and was successful.

In addition to his business inter-  
ests in Cameron Mr. Gandy owned  
farm lands and was engaged in that  
industry.

He is survived by his widow and  
children, all of whom were ill at the  
time of his death. Mrs. Gandy con-  
tracted pneumonia at about the time  
her husband was stricken but her con-  
dition was somewhat improved at the  
time of the death of Mr. Gandy.

Funeral services were held from  
the home Tuesday afternoon at 4:30  
o'clock. The body was buried by the  
Masonic lodge of Cameron of which  
deceased was a member. Rev. Ira F.  
Key, pastor of the Cameron Metho-  
dist church conducted a short service  
at the grave. Mr. Gandy was a mem-  
ber of the Woodmen of the World.

Interment was made in the Oak  
Hill cemetery. The funeral was  
largely attended by relatives and  
scores of friends who loved him with  
an affection accorded few men.

### SUNDAY SCHOOL LESSON FOR SUNDAY, FEBRUARY 15.

While we are in so much uncertainty

### SAN GABRIEL GOSSIP

By Mrs. J. S. Woody

San Gabriel, Feb. 9th.—On a hasty schedule, we remark on the few items we've gathered concerning the whereabouts of our people for the past week.

Flu holds such a reign over our vicinity at present that chief visits are in assistance toward the sick.

The radiant face of Old Sol smiling down upon us throughout all last week was indeed a gladsome spectacle for every one. Farmers took up their field work with vigor after the long delay caused by so much rain and as yet fields are so wet that we have to select hillsides for present plowing. We realize the season for preparation of the 1929 crop is far advanced but with Providential hindrances as reason thereof, and with the assurance that we have plenty of company all along this line, we make the best of it and determine to succeed, if 'tis God's will.

Present outlook indicates more bad weather soon, but we trust to the All-wise for better conditions. Our roads will smooth over with a few weeks of dry weather.

The San Gabriel River was never more beautiful, with its volume of deep, clear water in its normal flow of current in rest again, just after the heavy rise of a few days ago.

Mr. L. L. W. Parsley of Indiana, is guest of W. S. Glascock and family this week.

Mr. H. H. Camp is visiting her daughter, Mrs. Leachman in Dallas at present.

Messrs. Edgar Williams and Walter Felton returned from Fort Worth Friday where they took to market a large bunch of beehives.

Master James Guthrie is sick with flu at this writing.

Drs. Lee, Cerockett and Lawrence of Thorndale are continually making calls into many homes of our village and community. Health of this vicinity is very poor.

Miss Lillian Barclay, one of the teachers of San Gabriel school is confined to bed with flu.

Dr. Kirkpatrick and son, Roy, of Thrall, were in our village Friday. Little Miss Inez Goff was shopping in Thorndale, Saturday.

Virg Winford and family moved last week to a farm near Granger. We regret to give them up, as citizens of our community.

Misses Wells and Thomas, teachers of Ellison Ridge school resigned last week. Thru the columns of The Herald some good teacher may learn of this and be glad to accept that position. Ellison Ridge is in San Gabriel community.

Little Miss Pauline Moore has been listed with the sick.

Quite a nice and profitable day was spent at our village last Friday.

Numbers of our citizens and patrons of the school responded to invitation of our faculty and met with them to plant out trees and make other arrangements to beautify our school campus.

A delightful dinner was spread and all felt better at close of the day after the hearty co-operation that it takes to improve schools and communities.

A game of basketball was indulged in late Friday afternoon between the Junior girls of Thorndale and San Gabriel schools, resulting in scores of 15 to 9 in favor of Thorndale. But we uphold our league enough to say that they have not been playing long and as the program was announced that the Seniors would play, but on account of sickness numbers of them were unable to attend the Juniors had to fill their places and were thus wholly unprepared to act as contestants.

Mrs. Beasley of San Antonio has been visiting among relatives of this vicinity.

We received report of an automobile accident happening to Mr. Malcom Isaac and Miss Ruth Barmore, a teacher of our school, while out driving Friday afternoon. Miss Barmore was driving; but slowly, and in some manner the car was overturned, pinning them both underneath. The engine of the car was running all this time and the occupants were rescued after a while by a negro man who was plowing not far in the distance and who at last decided something must be wrong with the car in the road, walked over to see if help was needed. Miss Barmore is from Maysfield and has the deepest love of every pupil of our school and the esteem and appreciation of our community and we trust her injuries are only slight as reported. She has been taken to her home to recuperate. 'Tis said that Mr. Isaac received no serious injuries. The car was badly wrecked.

Miss Hazel Lawson was shopping in Thorndale Saturday.

Mrs. Dave Isaac, one of the faculty of our school, is victim of flu, at present.

Mrs. Hattie Schiller of San Antonio, is a guest of relatives here.

Mrs. Edna Felton and daughter Augusta, were trading in Thorndale Friday.

Mr. Will Ellison and Mrs. Louvenia Yoakum were married in Cameron last Thursday. We extend congratulations.

Mrs. Ethel Cast is ill at present writing.

Mrs. Will Baird and children, Mr. and Mrs. J. D. Griffith and some of

their children, H. M. Camp, wife and son, Miss Kate Woody, are also victims of flu.

The baby of Mr. and Mrs. Harry Clark is quite ill with pneumonia. Misses Minnie and Fannie Young and brother Vess were over from Thorndale Friday.

Walter Felton received his new Indiana tractor today. A purchase he made while in Fort Worth.

Messrs. Gaither and Branch Lewis of Rockdale were in this vicinity last week operating a Ford engine for breaking land.

### SAN GABRIEL GOSSIP

By Mrs. J. S. Woody  
San Gabriel, Feb. 9th.—On a hasty schedule, we remark on the few items we've gathered concerning the whereabouts of our people for the past week.  
Flu holds such a reign over our vicinity at present that chief visits are in assistance toward the sick.

The radiant face of Old Sol smiling down upon us throughout all last week was indeed a gladsome spectacle for every one. Farmers took up their field work with vigor after the long delay caused by so much rain, and as yet fields are so wet that we have to select hillsides for present plowing. We realize the season for preparation of the 1920 crop is far advanced but with Providential hindrances as reason thereof, and with the assurance that we have plenty of company all along this line, we make the best of it and determine to succeed, if 'tis God's will.

Present outlook indicates more bad weather soon, but we trust to the All-wise for better conditions. Our roads will smooth over with a few weeks of dry weather.

The San Gabriel River was never more beautiful, with its volume of deep, clear water in its normal flow of current in rest again, just after the heavy rise of a few days ago.

Mr. L. L. W. Parsley of Indiana, is guest of W. S. Glasscock and family this week.

Mr. H. H. Camp is visiting her daughter, Mrs. Leachman in Dallas at present.

Messrs. Edgar Williams and Walter Felton returned from Fort Worth Friday where they took to market a large bunch of beeves.

Master James Guthrie is sick with flu at this writing.

Drs. Lee, Cerockett and Lawrence of Thorndale are continually making calls into many homes of our village and community. Health of this vicinity is very poor.

Miss Lillian Barclay, one of the teachers of San Gabriel school is confined to bed with flu.

Dr. Kirkpatrick and son, Roy, of Thrall, were in our village Friday. Little Miss Inez Goff was shopping in Thorndale, Saturday.

Virg Winford and family moved last week to a farm near Granger. We regret to give them up, as citizens of our community.

Misses Wells and Thomas, teachers of Ellison Ridge school resigned last week. Thru the columns of The Herald some good teacher may learn of this and be glad to accept that position. Ellison Ridge is in San Gabriel community.

Little Miss Pauline Moore has been listed with the sick.

Quite a nice and profitable day was spent at our village last Friday.

Numbers of our citizens and patrons of the school responded to invitation of our faculty and met with them to plant out trees and make other arrangements to beautify our school campus.

A delightful dinner was spread and all felt better at close of the day after the hearty co-operation that it takes to improve schools and communities.

A game of basketball was indulged in late Friday afternoon between the Junior girls of Thorndale and San Gabriel schools, resulting in scores of 15 to 9 in favor of Thorndale. But we uphold our league enough to say that they have not been playing long and as the program was announced that the Seniors would play, but on account of sickness numbers of them were unable to attend the Juniors had to fill their places and were thus wholly unprepared to act as contestants.

Mrs. Beasley of San Antonio has been visiting among relatives of this vicinity.

We received report of an automobile accident happening to Mr. Malcolm Isaac and Miss Ruth Barmore, a teacher of our school, while out driving Friday afternoon. Miss Barmore was driving; but slowly, and in some manner the car was overturned, pinning them both underneath. The engine of the car was running all this time and the occupants were rescued after a while by a negro man, who was plowing not far in the distance and who at last decided something must be wrong with the car in the road, walked over to see if help was needed. Miss Barmore is from Maysfield and has the deepest love of every pupil of our school and the esteem and appreciation of our community and we trust her injuries are only slight as reported. She has been taken to her home to recuperate. 'Tis said that Mr. Isaac received no serious injuries. The car was badly wrecked.

Miss Hazel Lawson was shopping in Thorndale Saturday.

Mrs. Dave Isaac, one of the faculty of our school, is victim of flu, at present.

Mrs. Hattie Schiller of San Antonio, is a guest of relatives here.

Mrs. Edna Felton and daughter Augusta, were trading in Thorndale Friday.

Mr. Will Ellison and Mrs. Louvenia Yoakum were married in Cameron last Thursday. We extend congratulations.

Mrs. Ethel Cast is ill at present writing.

Mrs. Will Baird and children, Mr. and Mrs. J. D. Griffith and some of

their children, H. M. Camp, wife and son, Miss Kate Woody, are also victims of flu.

The baby of Mr. and Mrs. Harry Clark is quite ill with pneumonia.

Misses Minnie and Fannie Young and brother Vess were over from Thorndale Friday.

Walter Felton received his new Indiana tractor today. A purchase he made while in Fort Worth.

Messrs. Gaither and Branch Lewis of Rockdale were in this vicinity last week operating a Ford engine for breaking land.

CLEANING AND PRESSING  
MAIN STREET — TEL. 29**BIG OIL OPERATORS  
ENTER MILAM FIELD**LOOK WITH FAVOR ON STRUC-  
TURE WHERE BIG POOL EX-  
PECTED TO BE FOUNDEntrance into the Milam county oil  
fields of ex-United States District  
Judge W. S. Stanfield and O. R.  
Eystone, independent oil operators  
of Wichita Falls, and William J.  
Vaughan and associates of the  
American Underwriting Company of  
New York City, has been the leading  
topic of interest in Cameron this  
week. All of them look with favor  
on the local development that had  
been going on for the past few  
months.P. E. Johnson, of Tulsa, Oklahoma  
and associates of Fort Worth, have  
agreed to a contract whereby an ad-  
ditional deep test will be drilled at  
Maysfield.Declaration of trust has been filed  
for a company to be known as the  
Avo Oil Company financed and re-  
moted by Cleburne parties with a  
capital stock of \$500,000. This com-  
pany has acquired holdings in the  
Tracy and Maysfield fields and will  
begin development within the next  
ninety days. The deal was consummated  
by Ben P. Atkinson. A number of  
other big deals are pending.The Vaughn interests of New York  
have purchased a lease on 6500  
acres of land a few miles east of  
Cameron and will begin development  
soon. The company has also started  
a deep test in Lee county east of  
Cameron on 3500 acres recently ac-  
quired.The Vaughn interests, according to  
the announcement of W. J. Vaughn  
the president, who was here yester-  
day on a tour of inspection, the com-  
pany will spend immediately \$25,000  
and more if necessary to put its  
holdings on a production basis.Drilling machinery for the Tracy-  
Maysfield Oil & Gas Company has  
arrived in Cameron and the rigs will  
be transported to the Tracy field  
holdings of the company early this  
week and drilling will begin immedi-  
ately. The company officials at a  
meeting held here this week decided  
upon a development program in the  
Tracy field with the view of sinking  
a number of shallow wells and plac-  
ing them on pump. This will be the  
first production in Milam county. The  
company has also purchased machin-  
ery for pumping these wells and have  
about concluded negotiations for the  
sale of this oil to a Waco refinery.  
The oil is to be transmitted by pipe  
line from the Tracy field to Minerva  
of the San Antonio and Aransas Pass  
Railroad, a distance of about three  
miles.**THRIFT SAVING MOVEMENT**Have you ever stopped to think  
what the Thrift-Savings Movement  
really means or is it still confused in  
your mind with war days and the  
drives of war days? Briefly defined,  
the Thrift-Savings Movement of  
the United States Government is an  
opportunity given people to commence  
to want to save, to commence to save,  
and to make it possible and easy for  
them to save.The Government is looking ahead  
and the Government has looked be-  
hind, too. In looking behind, it has  
taken note of the fact that very few  
people, comparatively speaking, have  
managed their affairs so that pov-  
erty and old age would not be their lot.  
The main reason for this is that so  
few people, still speaking in a com-  
parative sense, have learned that  
Thrift is the good management of  
the business of living. Had you re-  
alized that fifty-four people out of  
every one hundred are not self-sup-  
porting at sixty-five years of age? They  
failed to save in their producing  
days. Or in the language of the  
street, they didn't save "while the sav-  
ing was good." In looking ahead, the  
Government sees that more and more  
people will be "down-and-outers" if  
they do not save for themselves; it  
wants its people to be prosperous, fi-  
nancially comfortable and happy. It  
is to help people save, to make it pos-  
sible for them to save safely and to  
make it possible for the "little fellow"  
especially, to get ahead that the Gov-  
ernment is conducting the Thrift-Sav-  
ings Campaign and making 25c  
Thrift Stamps, \$5.00 War Savings  
Stamps, \$100 Registered Treasury  
Savings Certificates and \$1,000 Reg-  
istered Treasury Savings Certificates  
available to the public at postoffices  
and banks. The Government wants its  
people to save for themselves and to  
save systematically because it is  
the proper thing to do. Any think-  
ing man or woman can readily see  
that the happy person and the happy  
home are those which are comfort-  
ably prosperous and which are not  
forever in the dark shadow thrown by  
the wolf scratching at the door.**BUILD A GYMNASIUM**San Marcos, Texas, Feb. 12.—Ath-  
letics at Southwest Texas State Nor-  
mal College have made rapid prog-  
ress during the present session under  
the direction of Coach O. W. Strahan.  
In order to keep apace with this stead-  
ily increasing interest in athletics, it  
has become necessary for the Normal  
to build a gymnasium.Plans are now being worked out for  
the new structure, which will be well  
arranged for all indoor athletics and  
gymnastic exercise. Since the floor,  
to be made of maple, will be the regu-  
lation size, 90x50, it will give ample  
space for two practice courts for bas-  
ket ball and one large court for con-  
tests. The seating capacity will be  
sufficient at all times to take care of  
any crowd that will attend an athletic  
contest in San Marcos. Connected  
with the gymnasium will be a large  
dressing room with plenty of lockers  
and showers.As soon as the new gymnasium is  
constructed, the San Marcos Normal  
will easily outrank most of the col-  
leges in Texas, athletically speaking,  
for the majority of them up to the  
present have not seen the necessity of  
erecting suitable gymnasiums.SINGLE COMB RHODE ISLAND

ferred.—R. L. Batte.**REV. A. J. VALLERY**

MAKES STATEMENT

Says Tanlac Has Overcome His  
Troubles and He Feels Like a  
New Man"I feel that it would be helping  
others to tell what Tanlac has done  
for me," said Rev. A. J. Vallery, living  
at 834 Chelsea Ave., Memphis, Tenn."About three years ago," he con-  
tinued, "I had a general breakdown  
that made me very nervous. I  
had a sour stomach and would spit  
up undigested food. The pains in my  
stomach hurt so at times that I  
thought they would kill me. I also  
suffered with rheumatic pains in my  
joints and my kidneys were in so bad  
shape, my sleep was poor and I felt  
so tired all the time that I could not  
do my work.""Since taking Tanlac I have been  
relieved of indigestion and those pains  
are all gone. My kidneys don't trou-  
ble me any, I am not nervous like I  
was and I can sleep fine every night.  
My strength and energy have been  
restored and I feel like a new man.""Tanlac is sold in Cameron by New  
Cameron Drug Co., in Rockdale by  
Baldridge Bros., in Milano by E. C.  
Smith and in Burlington by the New  
Drug Store."There is more Catarrh in this section  
of the country than all other diseases  
put together, and for years it was sup-  
posed to be incurable. Doctors prescribed  
local remedies, and by constantly failing  
to cure with local treatment, pronounced  
it incurable. Catarrh is a local disease,  
greatly influenced by constitutional con-  
ditions and therefore requires constitu-  
tional treatment. Hall's Catarrh Medi-  
cine, manufactured by F. J. Cheney &  
Co., Toledo, Ohio, is a constitutional  
remedy, is taken internally and acts  
thru the blood on the mucous surfaces  
of the system. One Hundred Dollars re-  
ward is offered for any case that Hall's  
Catarrh Medicine fails to cure. Send for  
circulars and testimonials.

**BIG OIL OPERATORS  
ENTER MILAM FIELD**

LOOK WITH FAVOR ON STRUCTURE WHERE BIG POOL EXPECTED TO BE FOUND

Entrance into the Milam county oil fields of ex-United States District Judge W. S. Stanfield and O. R. Eyestone, independent oil operators of Wichita Falls, and William J. Vaughan and associates of the American Underwriting Company of New York City, has been the leading topic of interest in Cameron this week. All of them look with favor on the local development that had been going on for the past few months.

P. E. Johnson, of Tulsa, Oklahoma and associates of Fort Worth, have agreed to a contract whereby an additional deep test will be drilled at Maysfield.

Declaration of trust has been filed for a company to be known as the Avo Oil Company financed and promoted by Cleburne parties with a capital stock of \$500,000. This company has acquired holdings in the Tracy and Maysfield fields and will begin development within the next ninety days. The deal was consummated by Ben P. Atkinson. A number of other big deals are pending.

The Vaughn interests of New York have purchased a lease on 6500 acres of land a few miles east of Cameron and will begin development soon. The company has also started a deep test in Lee county east of Cameron on 3500 acres recently acquired.

The Vaughn interests, according to the announcement of W. J. Vaughn, the president, who was here yesterday on a tour of inspection, the company will spend immediately \$25,000 and more if necessary to put its holdings on a production basis.

Drilling machinery for the Tracy-Maysfield Oil & Gas Company has arrived in Cameron and the rigs will be transported to the Tracy field holdings of the company early this week and drilling will begin immediately. The company officials at a meeting held here this week decided upon a development program in the Tracy field with the view of sinking a number of shallow wells and placing them on pump. This will be the first production in Milam county. The company has also purchased machinery for pumping these wells and have about concluded negotiations for the sale of this oil to a Waco refinery. The oil is to be transmitted by pipe line from the Tracy field to Minerva of the San Antonio and Aransas Pass Railroad, a distance of about three miles.

**THRIFT SAVING MOVEMENT**

Have you ever stopped to think what the Thrift-Savings Movement really means or is it still confused in your mind with war days and the drives of war days? Briefly defined, the Thrift-Savings Movement of the United States Government is an opportunity given people to commence to want to save, to commence to save, and to make it possible and easy for them to save.

The Government is looking ahead and the Government has looked behind, too. In looking behind, it has taken note of the fact that very few people, comparatively speaking, have managed their affairs so that poverty and old age would not be their lot. The main reason for this is that so few people, still speaking in a comparative sense, have learned that Thrift is the good management of the business of living. Had you realized that fifty-four people out of every one hundred are not self-supporting at sixty-five years of age? They failed to save in their producing days. Or in the language of the street, they didn't save "while the saving was good." In looking ahead, the Government sees that more and more people will be "down-and-outers" if they do not save for themselves; it wants its people to be prosperous, financially comfortable and happy. It is to help people save, to make it possible for them to save safely and to make it possible for the "little fellow" especially, to get ahead that the Government is conducting the Thrift-Savings Campaign and making 25c Thrift Stamps, \$5.00 War Savings Stamps, \$100 Registered Treasury Savings Certificates and \$1,000 Registered Treasury Savings Certificates available to the public at postoffices and banks. The Government wants its people to save for themselves and to save systematically because it is the proper thing to do. Any thinking man or woman can readily see that the happy person and the happy home are those which are comfortably prosperous and which are not forever in the dark shadow thrown by the wolf scratching at the door.

**BUILD A GYMNASIUM**

San Marcos, Texas, Feb. 12.—Athletics at Southwest Texas State Normal College have made rapid progress during the present session under the direction of Coach O. W. Strahan. In order to keep pace with this steadily increasing interest in athletics, it has become necessary for the Normal to build a gymnasium.

Plans are now being worked out for the new structure, which will be well arranged for all indoor athletics and gymnastic exercise. Since the floor, to be made of maple, will be the regulation size, 90x50, it will give ample space for two practice courts for basketball and one large court for contests. The seating capacity will be sufficient at all times to take care of any crowd that will attend an athletic contest in San Marcos. Connected with the gymnasium will be a large dressing room with plenty of lockers and showers.

As soon as the new gymnasium is constructed, the San Marcos Normal will easily outrank most of the colleges in Texas, athletically speaking, for the majority of them up to the present have not seen the necessity of erecting suitable gymnasiums.

**SINGLE COMB RHODE ISLAND REDS**—Prolific layers. Owen Farm Strain headed by Erhart Cockerel. Eggs \$3.00 per 15.—George Mode, Cameron, Texas, Route 137-5t

We are glad to see Mr. Gjedde shaking hands with his old friends after a long illness. He has been in Cameron for the last 20 years and known as the old reliable shoemaker. We hope to see him doing well for a long time yet.

I have 120 acres of land, part in bottom and part hill land that I want to rent, third and fourth preferred.—R. L. Batte.

**REV. A. J. VALLERY**

MAKES STATEMENT

Says Tanlac Has Overcome His Troubles and He Feels Like a New Man

"I feel that it would be helping others to tell what Tanlac has done for me," said Rev. A. J. Vallery, living at 834 Chelsa Ave., Memphis, Tenn. "About three years ago," he continued, "I had a general breakdown that made me very nervous. I had a sour stomach and would spit up undigested food. The pains in my stomach hurt so at times that I thought they would kill me. I also suffered with rheumatic pains in my joints and my kidneys were in so bad shape, my sleep was poor and I felt so tired all the time that I could not do my work."

"Since taking Tanlac I have been relieved of indigestion and those pains are all gone. My kidneys don't trouble me any, I am not nervous like I was and I can sleep fine every night. My strength and energy have been restored and I feel like a new man."

"Tanlac is sold in Cameron by New Cameron Drug Co., in Rockdale by Baldrige Bros., in Milano by E. C. Smith and in Burlington by the New Drug Store."

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials. F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Hall's Family Pills for constipation.

**Children Cry for Fletcher's****CASTORIA**

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

**What is CASTORIA**

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

BUCKHOLTS NEWS  
+++++  
By Audrey Criswell  
+++++

Buckholts, Texas, Feb. 8.—The farmers in this section are contemplating building a gin here so as to get quicker and better service than they had during the ginning season last year. Two men, representing the Murray Gin Company of Dallas, were here last week helping the farmers formulate their plans. The money for building will be raised by subscriptions from the farmers in this section.

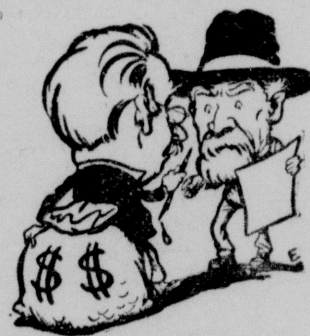

Buckholts school has been suspended a week on account of the influenza epidemic. As yet there are only a very few cases in town but the trustees thought best to suspend as this will help to keep the disease from spreading so rapidly.

As we have had two weeks of pretty weather quite a number of the farmers are busy breaking their land. The roads are still almost impassable to a loaded wagon. Many of the farmers who have land in the river bottom have not been able to bring their crops out, especially the corn. Mr. Edd Hamilton has four thousand bushels of corn in the bottom that he is unable to bring out. He, as well as many of the other farmers, has his corn gathered and stored in pens in the field. Many were forced to bring their cotton out of their fields on horseback.

The fourth number of the Lyceum Course was given at the school auditorium last Thursday night and was well attended. The company was composed of four recently returned over-seas boys. These men gave a splendid entertainment of both vocal and instrumental music, talks and reading, humorous as well as serious. We will have one more course of our Lyceum this season about a month hence. The citizens gladly signed for the Wite & Meyer Lyceum Bureau to send us six of their excellent courses next season.

Mr. Meek Lankford is very ill at his home with pneumonia.

Miss Mary Ellen Davis was here during the week end to visit friends. Miss Davis was a former teacher in the school here but is now teaching

## The Power of Money

When William Payne, the banker at Bisonville, decreed that no farmer who did not raise cows as well as wheat could borrow money from him, the angry grain growers almost lynched him. But they had to do as he demanded—and today his county is an oasis in a blowaway desert, his depositors and borrowers are prosperous farmers, his bank is looked upon as the agricultural father of the whole countryside. Such is *The Power of Money for Good*. Herbert Quick, formerly a member of the Farm Loan Board, tells the story in the February 7th issue of

## The COUNTRY GENTLEMAN

It is the first article in a great new series about country banks. The business of a bank—of this bank—and the prosperity of its farmer customers are closely related. That is why we stand ready at all times to give to you whatever service is in our power. Consult with us about your farming plans. Let us help you in your financial plans. Keep your money on deposit with us. Let us advise you what to read about farming; let us, in fact, send in your subscription for THE COUNTRY GENTLEMAN. For only \$1.00 you can read Herbert Quick's series and all the other splendid articles that will appear in the next 52 issues of the Great National Farm Weekly.

## INFORMATION ABOUT TICK ERADICATION GIVEN BY EXPERT

DR. GEORGE M. PAXTON TELLS  
HOW STOCKMEN MAY FIGHT  
INSECT PERIL

In order to get thru with the tick eradication and dipping proposition in the minimum amount of time some system is necessary. For this reason an expert in this line is sent to our county by the U. S. Government to supervise this work. This man is especially trained for this work. The work of the eradication of the Texas-fever-cattle-tick is placed under his supervision. He is an authorized inspector of the Live Stock Sanitary Commission of Texas. This Commission has full authority to make rules and regulations necessary for the control and eradication of any contagious or infectious disease of live stock. This power is given this Commission by an act of the State Legislature in 1917. This same act also fixes a penalty for the violation of any of the rules and regulations of this Commission. Without such protection any system would be useless, or practically so.

Following is enumerated some of the principles of tick eradication:

1. The tick known as the Texas-fever-cattle-tick lives only upon cattle and sometimes upon horses and mules, and the blood of these animals is necessary to fully mature this species of tick.

2. This tick thru the spring, summer and fall months lives on these animals only from twenty-one to twenty-four days. It then matures and falls to the ground.

3. These ticks hatch from eggs laid by the adult female tick upon the ground. These young ticks will live for days and even weeks upon the ground, grass and weeds, or until it dies from starvation or fastens upon cattle, horses or mules.

4. By dipping all cattle, horses and mules infested with this tick every fourteen days no ticks will mature, therefore no young ticks to reinfest the stock. These dipped animals are sent back to the range or the pasture to trap more young ticks which are brought to the vats and dipped before they have time to mature.

5. Regular dipping of all exposed or infested stock is necessary. This dipping will continue until all the young ticks are trapped and killed in the vat solution.

6. If some cattle, horses or mules, which are infested with this tick, are not dipped, these ticks will mature upon them and thus prolong the dipping proposition indefinitely.

7. Whenever any vat district, county or other area is free of the Texas-fever-cattle-tick, dipping will be discontinued after lawful and proper inspection.

8. It is safer and better to dip for one or more times after the last tick disappears than to have ticks again found because of a suspension of dipping too early. Ticks are sometimes very difficult to find upon stock on account of their smallness and the thickness of the coat of hair.

9. Then again, it is sometimes the case that stock will come to the vat entirely free of ticks for one or more times and then to appear at the next inspection with ticks. This is caused by the animal coming upon a family of ticks just hatched or which have been upon pasture or ground over which no horses or mules have passed since the ticks were hatched.

10. It is sometimes the case that an owner or caretaker of susceptible stock honestly believes his stock to be absolutely free of these ticks and later for a serious infestation to develop on account of exposure. One tick, or a few, can easily escape the notice of a careful stockman and thus easily cause prolonged dipping in a neighborhood and an untold amount of annoyance and unnecessary work to his neighbors. For this reason individuals will not separately be excused from dipping except under very exceptional conditions. But, rather, will well defined areas or districts be released from dipping when it is found safe.

11. It is a well known fact that the supervising inspector cannot alone clear a district or a county of these ticks. Neither can a district or county be cleaned without some form of supervision. It is a co-operative affair. The cattlemen, the inspectors, the county, the state and the government must all harmoniously work together for the same attainment.

12. Dipping and tick eradication will continue in any infested area within the U. S. just so long as Texas-fever-cattle-ticks are found.

13. Neighborhoods, districts, counties and larger areas can prolong the work of tick eradication over one or more seasons if they fail to co-operate and recognize these rules of the

work. Better, still, they can finish the job in one season if they all co-operate toward this end. The cheapest the most economical plan to all interested is to finish the task in the least possible time.

14. The eradication of this tick has taken place in one season in the mountains of Virginia, the Carolinas, Tennessee, Georgia, Alabama and Arkansas; on the prairies or level lands of these states and of Oklahoma, Mississippi, Louisiana and Texas; in the swamps and cane-breaks and flatwoods of Florida, Alabama, the Carolinas, Georgia, Mississippi and Louisiana; under open range and pasture conditions—at no time or place has the system or the principles failed.

### WONDERFUL WORK OF THE RED CROSS

In other words, "The Angels of Mercy" have been into dozens of stricken homes the past week, carrying fuel, fruit, soup and loving words of cheer with it.

This work is absolutely volunteer work and given to all alike—free.

Mrs. B. P. Matocha, wonderful woman and nurse that she is, volunteered her services and the Cameron Hospital offered to furnish her an assistant, Miss Stecher, and they seem never to tire.

Mr. E. A. Flinn received a telegram from headquarters telling him to furnish medicine and doctors to all who were not able to pay. We feel safe in saying that our Cameron doctors were already freely giving their services.

Miss Mary Lake Henderson volunteered as delivery manager and with the help of our ever-ready Boy Scouts is taking hot soup twice a day to the patients.

Above all God has furnished His merciful sunshine and we feel sure that in a short time Cameron's cases will be greatly reduced.

A. J. Branstad, of EauClaire, Wisconsin, is in Cameron this week and a guest at the Auditorium hotel. Mr. Branstad is here in the interest of holdings of the association in the local oil fields. The Wisconsin association is now drilling a deep test at Tracy. The company will put its shallow wells on pump and begin the production of oil.

### CHURCH NOTICE

Services at the Baptist church will be resumed as soon as the flu situation will admit. It is to be hoped that will be soon. But in the meantime, the Christian people of the town should not forget to go aside each day and ask God to bless those who are sick and also, we should ask Him to stop this severe epidemic.

B. B. BLAYLOCK.

W. B. Birchum, secretary of the Tracy-Maysfield Oil & Gas Company made a business trip to Gause Tuesday. Mr. Birchum says indications are strong for production in the structure in that part of the county.

## INFORMATION ABOUT TICK ERADICATION GIVEN BY EXPERT

DR. GEORGE M. PAXTON TELLS  
HOW STOCKMEN MAY FIGHT  
INSECT PERIL

In order to get thru with the tick eradication and dipping proposition in the minimum amount of time some system is necessary. For this reason an expert in this line is sent to our county by the U. S. Government to supervise this work. This man is especially trained for this work. The work of the eradication of the Texas-fever-cattle-tick is placed under his supervision. He is an authorized inspector of the Live Stock Sanitary Commission of Texas. This Commission has full authority to make rules and regulations necessary for the control and eradication of any contagious or infectious disease of live stock. This power is given this Commission by an act of the State Legislature in 1917. This same act also fixes a penalty for the violation of any of the rules and regulations of this Commission. Without such protection any system would be useless, or practically so.

Following is enumerated some of the principles of tick eradication:

1. The tick known as the Texas-fever-cattle-tick lives only upon cattle and sometimes upon horses and mules, and the blood of these animals is necessary to fully mature this species of tick.

2. This tick thru the spring, summer and fall months lives on these animals only from twenty-one to twenty-four days. It then matures and falls to the ground.

3. These ticks hatch from eggs laid by the adult female tick upon the ground. These young ticks will live for days and even weeks upon the ground, grass and weeds, or until it dies from starvation or fastens upon cattle, horses or mules.

4. By dipping all cattle, horses and mules infested with this tick every fourteen days no ticks will mature, therefore no young ticks to reinfest the stock. These dipped animals are sent back to the range or the pasture to trap more young ticks which are brought to the vats and dipped before they have time to mature.

5. Regular dipping of all exposed or infested stock is necessary. This dipping will continue until all the young ticks are trapped and killed in the vat solution.

6. If some cattle, horses or mules, which are infested with this tick, are not dipped, these ticks will mature upon them and thus prolong the dipping proposition indefinitely.

7. Whenever any vat district, county or other area is free of the Texas-fever-cattle-tick, dipping will be discontinued after lawful and proper inspection.

8. It is safer and better to dip for one or more times after the last tick disappears than to have ticks again found because of a suspension of dipping too early. Ticks are sometimes very difficult to find upon stock on account of their smallness and the thickness of the coat of hair.

9. Then again, it is sometimes the case that stock will come to the vat entirely free of ticks for one or more times and then to appear at the next inspection with ticks. This is caused by the animal coming upon a family of ticks just hatched or which have been upon pasture or ground over which no horses or mules have passed since the ticks were hatched.

10. It is sometimes the case that an owner or caretaker of susceptible stock honestly believes his stock to be absolutely free of these ticks and later for a serious infestation to develop on account of exposure. One tick, or a few, can easily escape the notice of a careful stockman and thus easily cause prolonged dipping in a neighborhood and an untold amount of annoyance and unnecessary work to his neighbors. For this reason individuals will not separately be excused from dipping except under very exceptional conditions. But, rather, will well defined areas or districts be released from dipping when it is found safe.

11. It is a well known fact that the supervising inspector cannot alone clear a district or a county of these ticks. Neither can a district or county be cleaned without some form of supervision. It is a co-operative affair. The cattlemen, the inspectors, the county, the state and the government must all harmoniously work together for the same attainment.

12. Dipping and tick eradication will continue in any infested area within the U. S. just so long as Texas-fever-cattle-ticks are found.

13. Neighborhoods, districts, counties and larger areas can prolong the work of tick eradication over one or more seasons if they fail to co-operate and recognize these rules of the

## ANNOUNCING New Spring Clothing

Our Display of Spring and Summer Woolen Fabrics for Made to Measure Clothing is now complete, and we are pleased to announce them ready for your inspection.

Hundreds of Pure Wool Fabrics, showing all the Newest Models and the most beautiful up-to-date designs, the like of which has never been seen here. Our Showing of

NOTICE OF ROAD BOND  
ELECTION

## THE STATE OF TEXAS,

County of Milam.

On this the 16th day of January A. D. 1920, this Court being in regular session came on to be considered the petition of Monta Thomas and 309 other persons praying that bonds be issued by Road District No. 2 of Milam County, Texas, in the sum of \$25,000, bearing 5 per cent rate of interest maturing serially not to exceed 25 years from date thereof for the purpose of constructing, maintaining and operating macadamized, graveled or paved roads and turnpikes or in aid thereof.

And it appearing to the Court that said petition is signed by more than 50 of the resident property tax paying voters of said Road District No. 2 of Milam County, Texas. Said Road District No. 2 having been established by an order of the Commissioners' Court of Milam County, dated the 27th day of July, 1911 of record in Book 5, Page 49 of the minutes of the Commissioners' Court of Milam County, Texas, within the following metes and bounds, to-wit:

Beginning at the mouth of Elm Creek where the same empties into Little River; Thence up said Creek to a point opposite west line of the James Hall League; Thence S. 19 W. with the west line of said James Hall League to Little River; Thence down said Little River to the mouth of San Gabriel River; Thence up said San Gabriel River to the northeast corner of the T. J. Chambers League; Thence with the east line of said T. J. Chambers League S. 19 E. to the north line of the Bethlehem voting precinct at the Mrs. Edwards place; Thence in an easterly direction with the north line of the Bethlehem voting precinct to the northeast corner of said voting precinct in the north corner of the Sandy Creek voting precinct; Thence in an easterly direction with the north line of Sandy Creek voting precinct to the west line of Justice Precinct No. 3 at the old residence of George Penny; Thence in a northerly direction with the west line of Justice Precinct No. 3 along present Cameron and Caldwell road to McCown Bridge on Little River; Thence down said River to Elm Creek to the place of beginning.

It is, therefore, considered and ordered by the Court that an election be held in said Road District No. 2 of Milam County, Texas, on the 24th day of February A. D. 1920, which is not less than 30 days from the date of this order, to determine whether or not the bonds of Road District No. 2 of Milam County, Texas, shall be issued in the amount of \$25,000 bearing 5 per cent rate of interest, and maturing serially not to exceed 25 years from the date thereof; and whether or not a tax shall be levied upon the property of said Road District No. 2 of Milam County, Texas, subject to taxation for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity.

Notice of said election shall be given by publication in a newspaper published in said Road District No. 2 for 4 successive weeks, before the date of said election, and in addition thereto there shall be posted notices of such election at three public places in said Road District No. 2 of Milam County, Texas.

Said election shall be held at the

following named voting places and the following named persons are hereby appointed managers of said election:

Cameron, George T. Graves, Manager.  
Curry, F. A. Durni, Manager.  
Salem, J. D. Nisbett, Manager.  
Ad Hall, J. H. Scarbrough, Manager.  
Elm Ridge, J. C. Brashear, Manager.  
Rice School House, Sam Nicholson Manager.

Minerva, On Aycoer, Manager.  
All property tax paying qualified voters residing in said Road District No. 2 within the boundaries of Cameron voting precinct shall cast their votes in said election at Cameron. All property tax paying qualified voters residing in said Road District No. 2 within the boundaries of Curry voting precinct shall cast their votes in said election at Curry. All property tax paying qualified voters residing in said Road District No. 2 within the boundaries of Elm Ridge voting precinct shall cast their votes in said election at Elm Ridge. All property tax paying qualified voters residing in said Road District No. 2 within the boundaries of Rice School House voting precinct shall cast their votes in said election at Rice School House. All property tax paying qualified voters residing in Road District No. 2 within the boundaries of Minerva voting precinct shall cast their votes in said election at Minerva.

Said election shall be held under the provisions of Article 627 to 641 inclusive, of Chapter 2, Title 18, Revised Statutes 1911, and as amended by Chapter 203, Acts of 1917, and only qualified voters who are property tax payers of said Road District No. 2 of Milam County, Texas, shall be allowed to vote, and all voters desiring to support the proposition to issue bonds shall have written or printed on their ballots the words:

"For the issuance of bonds and the levying of the tax in payment therefor."  
And those opposed shall have written or printed on their ballots the words: "Against the issuance of bonds and the levying of the tax in payment therefor."

The manner of holding said election shall be governed by the laws governing general elections in this State.

A copy of this order signed by the County Judge of said county shall serve as a proper notice of said election, and the County Judge is directed to cause to be published in a newspaper published in said Road District No. 2 of Milam County, Texas, for four successive weeks next preceding such notice thereof at three public places in Road District No. 2 of Milam County, Texas, for three weeks prior to said election.

OPERATOR DECLARES  
COMPANY WILL LAY  
TRACY PIPE LINEA. J. BRANSTAD OF WISCONSIN  
SAYS COMPANY TO MARKET  
SHALLOW CRUDE

A. J. Branstad, representing an association of Wisconsin oil operators, is in Cameron this week in the interest of the holdings of the association in the Tracy field nine miles southeast of the city.

Mr. Branstad is from Eau Claire, Wisconsin, where the headquarters of the operators are maintained. He arrived in Cameron Saturday and is a guest at the Auditorium Hotel. He expects to be in the city for several weeks while keeping in personal touch with the operations of the company on its Tracy holdings.

The association now has a deep test going down in the Tracy field and the drill is down to 900 feet. Mr. Branstad says the well will go to the Austin chalk if necessary to produce deep oil. The company also has a number of shallow wells.

## May Build Pipe Line.

Mr. Branstad says his association will build a pipe line from the Tracy field to Minerva a distance of about 4 miles on the San Antonio and Arkansas Railroad if this line is not constructed by other companies within a short time.

Mr. Branstad mentions the pipe line project in connection with the program of the company to put its shallow wells on pump and make the field produce in marketable quantities. There has been a number of pipe line projects mentioned of late but so far no actual construction has begun. The Wisconsin association will build if the previously announced projects do not materialize.

At the present time M. Branstad says his drillers are waiting on a new pump for the rig now at Tracy. The company also has other holdings in Milam county.

Mr. Branstad declares that Tracy is a proven shallow field of great production possibilities and has shown his faith in the shallow sands by announcing the pipe line project and the plan to put the shallow wells already drilled on pump. So far there has been no production test in the field but it is the opinion of many that the wells will produce 5 barrels or more a day on an average all over the field. This production is sufficient to support refineries and pipe line capacity as the field can be developed to maximum on the present showing with success assured for any venture of this kind.

The Wisconsin association at the present time has no development program other than that at Tracy. The company has 500 acres at Tracy. Mr. Branstad says the oil at Tracy will run sixty per cent gasoline and will command a fancy price in the markets of the world.

Mr. Branstad is pleased with the outlook in Milam county and has every faith that the deep test will come in a good producer.

## BLANKS FOR LISTING LOW

## GRADE COTTON ARE READY

Trade With Foreign Governments Facilitated by the American Cotton Association

Dallas, Texas, February 12.—Option blanks for listing low grade cotton with the American Cotton Association for sale to foreign governments can be secured from Major Robert C. Lowry of Dallas, Texas, State Secretary of the American Cotton Association. The proposition which is being handled through the Cotton Association provides that low grades of cotton of the low middling, strict good ordinary, strict ordinary, and ordinary classes can be listed on the option for sale at prices of forty-one cents on low middling, thirty-nine cents on strict good ordinary, thirty-seven cents on strict ordinary and thirty-five cents on ordinary.

Of this amount eighty per cent will be paid in cash when the cotton is accepted and the balance of twenty per cent will be paid in notes bearing six per cent interest, of two years duration, secured by the spinners, banks and foreign governments, handling the cotton. These notes will probably be taken up in less than one year's time.

Major Lowry who is handling the proposition in Texas points out that the prices offered are thirty per cent or more above the current market, if there was any market at the prices quoted. Cotton must be warehoused or protected under cover before accepted. Bollies and country damaged cotton will not be accepted at this time although a market is being sought for these grades.

ing sought for these grades.

The securing of options on cotton of low grades is the largest move of the kind to assist the farmers of the State, ever attempted by the American Cotton Association. The movement of the cotton in states where the American Cotton Association is thoroughly organized has been very easy. In Texas the organization is not completed and the movement of the cotton will not be so easy. A membership campaign will be inaugurated in the near future. All persons desiring options should address Major Robert C. Lowry, 515 Slaughter Building, Dallas, Texas.

Rub-My-Tism is a powerful antiseptic; it kills the poison caused from infected cuts, cures old sores, tetters, etc.

COAL FOR SALE—Fifty or seventy-five tons of nut, pea, slack mixture at \$10 per ton at the Oil Mill while it lasts.

The Velvet tin is twice as big as shown here

There's a World of Solid Comfort  
In the Rich, Red Tin

YES, sir, we mean that same warm red and gold tin that smiles a welcoming "Howdy" to you in every tobacco store. Know what those colors mean?

The red is for the friendly warmth, the mellow cheeriness, that Velvet puts into your old pipe. And the gold is where the Kentucky sunshine, that ripens good old Velvet, has just sort of soaked through.

Remember what Velvet Joe said about it?

"You've met canned meat and canned music. Ever see any tinned sunshine? Well, look into any Velvet tin."

And think this over:

We don't have to hide Velvet's taste or smell with a lot of this, that and the other thing. Because Velvet has *naturally* what pipe smokers want—real simon-pure tobacco taste and fragrance. It's just good, honest Kentucky leaf, made still more friendly and mellow by two years' ageing in wooden hogsheads. Just good tobacco. That's all. But it's mighty near enough for the man who wants a pipeful of tobacco and not a box of bon bons.

The picture of a pipe on the tin needn't keep you from rolling a jim-dandy cigarette with Velvet.

How's the Velvet holding out in your old red tin?

## NOTICE OF ROAD BOND ELECTION

## THE STATE OF TEXAS,

County of Milam.  
On this the 16th day of January A. D. 1920, this Court being in regular session came on to be considered the petition of Monta Thomas and 309 other persons praying that bonds be issued by Road District No. 2 of Milam County, Texas, in the sum of \$25,000, bearing 5 per cent rate of interest maturing serially not to exceed 25 years from date thereof for the purpose of constructing, maintaining and operating macadamized, graveled or paved roads and turnpikes or in aid thereof.

And it appearing to the Court that said petition is signed by more than 50 of the resident property tax paying voters of said Road District No. 2 of Milam County, Texas. Said Road District No. 2 having been established by an order of the Commissioners' Court of Milam County, dated the 27th day of July, 1911 of record in Book 5, Page 49 of the minutes of the Commissioners' Court of Milam County, Texas, within the following metes and bounds, to-wit:

Beginning at the mouth of Elm Creek where the same empties into Little River; Thence up said Creek to a point opposite west line of the James Hall League; Thence S. 19 W. with the west line of said James Hall League to Little River; Thence down said Little River to the mouth of San Gabriel River; Thence up said San Gabriel River to the northeast corner of the T. J. Chambers League; Thence with the east line of said T. J. Chambers League S. 19 E. to the north line of the Bethlehem voting precinct at the Mrs. Edwards place; Thence in an easterly direction with the north line of the Bethlehem voting precinct to the northeast corner of said voting precinct in the north corner of said voting precinct in the north line of the Sandy Creek voting precinct; Thence in an easterly direction with the north line of Sandy Creek voting precinct to the west line of Justice Precinct No. 3 at the old residence of George Penny; Thence in a northerly direction with the west line of Justice Precinct No. 3 along present Cameron and Caldwell road to McCown Bridge on Little River; Thence down said River to Elm Creek to the place of beginning.

It is, therefore, considered and ordered by the Court that an election be held in said Road District No. 2 of Milam County, Texas, on the 24th day of February A. D. 1920, which is not less than 30 days from the date of this order, to determine whether or not the bonds of Road District No. 2 of Milam County, Texas, shall be issued in the amount of \$25,000 bearing 5 per cent rate of interest, and maturing serially not to exceed 25 years from the date thereof; and whether or not a tax shall be levied upon the property of said Road District No. 2 of Milam County, Texas, subject to taxation for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity.

Notice of said election shall be given by publication in a newspaper published in said Road District No. 2 for 4 successive weeks, before the date of said election, and in addition thereto there shall be posted notices of such election at three public places in said Road District No. 2 of Milam County, Texas.  
Said election shall be held at the

following named voting places and the following named persons are hereby appointed managers of said election:  
Cameron, George T. Graves, Manager.

Curry, F. A. Durni, Manager.  
Salem, J. D. Nisbett, Manager.  
Ad Hall, J. H. Scurbrough, Manager.  
Elm Ridge, J. C. Brashear, Manager.

Rice School House, Sam Nicholson Manager.

Minerva, O. Aycoer, Manager.

All property tax paying qualified voters residing in said Road District No. 2 within the boundaries of Cameron voting precinct shall cast their votes in said election at Cameron.

All property tax paying qualified voters residing in said Road District No. 2 within the boundaries of Curry voting precinct shall cast their votes in said election at Curry.

All property tax paying qualified voters residing in said Road District No. 2 within the boundaries of Ad Hall voting precinct shall cast their votes in said election at Ad Hall.

All property tax paying qualified voters residing in said Road District No. 2 within the boundaries of Elm Ridge voting precinct shall cast their votes in said election at Elm Ridge.

All property tax paying qualified voters residing in said Road District No. 2 within the boundaries of Rice School House voting precinct shall cast their votes in said election at Rice School House.

All property tax paying qualified voters residing in Road District No. 2 within the boundaries of Minerva voting precinct shall cast their votes in said election at Minerva.

Said election shall be held under the provisions of Article 627 to 641 inclusive, of Chapter 2, Title 18, Revised Statutes 1911, and as amended by Chapter 203, Acts of 1917, and only qualified voters who are property tax payers of said Road District No. 2 of Milam County, Texas, shall be allowed to vote, and all voters desiring to support the proposition to issue bonds shall have written or printed on their ballots the words:

"For the issuance of bonds and the levying of the tax in payment therefor."

And those opposed shall have written or printed on their ballots the words: "Against the issuance of bonds and the levying of the tax in payment therefor."

The manner of holding said election shall be governed by the laws governing general elections in this State.

A copy of this order signed by the County Judge of said county shall serve as a proper notice of said election, and the County Judge is directed to cause to be published in a newspaper published in said Road District No. 2 of Milam County, Texas, for four successive weeks next preceding such notice thereof at three public places in Road District No. 2 of Milam County, Texas, for three weeks prior to said election.

Rub-My-Tism is a powerful antiseptic; it kills the poison caused from infected cuts, cures old sores, tetter, etc.

A. P. Miller of Calvert, was in Cameron this week and while here was a guest at The Herald Office. Mr. Miller has been a reader of The Herald since 1887 and is still on the lists, having ordered his paper sent for another year to his Calvert home.

If you have any crating done C. Henry Ruby.

+ CAMERON LODGE NO. 55 I. O. O. F., meets in their Hall every Thursday at 7:30 o'clock. Visiting Brothers cordially invited.  
+ JIM F. CHADWICK, Sec'y +

# What Will Oil Do?

**It Has Made Millionaires in the Twinkling of an Eye. Thousands Have Found Relief From Chronic Poverty Because "They Struck Oil."  
You Cannot Fail to Profit when**

## **WE GET OIL IN MILAM COUNTY!**

### **It Will Be the Sensation of the Year**

### **Those Who Have Investigated Have Bought Stock**

It does not take a man who uses his brains long to make up his mind to come in with us

### **Because He Knows He Is Going to Make Money**

Take a plain, common sense view of the matter. How can you lose? When we know we can put the shallow field on a paying basis. When people from distant states and cities are buying this why should you neglect your Opportunity.

An old man from Killeen had a "hunch" before Hog Creek came in. He went to Desdemonia. He BOUGHT while others THOUGHT. Now he is rich. He says, "Put in a hundred or two dollars and see if it will not amount in a few months to a Lifetime of toil.

Charity Propositions based on friendship Seldom Pay Dividends. We know we have a HIGH CLASS INVESTMENT—

**Be Sure You Are RIGHT Before You Invest**

**WE KNOW WE ARE RIGHT**

There is only one way you can get into any Oil Field. That is to drill for Oil. We are going to drill

### **Deep Wells in Milam County**

Fortunes are in the making right around you now! In a little while the opportunity will be gone; then you will envy the man who did not hesitate.

Our Well at Maysfield, from every indication and geological report that we can get, looks like it would furnish a big well.

There is only One Safe, Sane and Sensible thing for You to do

## **Send In Your Application Now**

Be one of the Progressive People who are putting this Field on the Map

## **A SQUARE DEAL FOR EVERYBODY**

**Oil Will Do It!**
